Therefore it is critical both the start date (and time) and completion date (and time) be recorded. Exceptions would be granted for delays caused by Owner or modifications to the scope, (See 6.0 Provisions for Changes or Amendments).

2. TAXES

HAKC is a sales tax exempt entity. Copies of the sales tax exemption information will be provided to the successful bidder on request. The contractor shall not include in the bid amount, any taxes chargeable against the performance of the work.

As it relates to the foregoing paragraph, all directions to the contractor, and all changes or amendments to the project, between the contractor and the HAKC must come through the Project Manager, Michael Ponnie, 816-365-8428. The HAKC will not be responsible for payment for any change(s) not authorized in advance, by the Project Manager.

7. **SECTION 3 REQUIREMENTS**

Section 3 of the Housing and Urban Development Act of 1968, as amended, requires, to the greatest extent feasible, opportunities for job training and employment be given to lower income residents of the federally funded area, and contracts for work in connection with the Section 3 covered project be awarded to business concerns which are located in, or owned in substantial part by persons residing in the Section 3 area. Section 3 requires that a recipient/contractor take affirmative steps to give preference to qualified Section 3 area residents and business concerns in providing training, employment and contracting in connection with Section 3 covered projects. As a recipient of HUD funding, HAKC maintains an aggressive Section 3 policy, which emphasizes employment of public housing residents, or other low-income residents on contracts let by the Authority and that affirmative efforts be taken to contract with Section 3 business concerns, which includes resident-owned businesses.

HAKC believes that Section 3 is an effective tool for advancing economic development and self-sufficiency opportunities for public housing residents. HAKC requires the contractor to emphasize resident hiring for new positions required because of this contract. See “Section 3 Program” attachment for additional information on compliance with Section 3 requirement.

8. **INSURANCE, BONDING AND HOLD HARMLESS AGREEMENT**

The contractor must carry insurance with respect to property and operations as set forth below. If applicable, Fidelity Bond requirements may be set prior to contract execution.

B) **Four hundred thousand dollars ($400,000)** for any person in a single accident or occurrence;
And

Property Damage

C) **Five hundred thousand dollars ($500,000) for each occurrence.**

The contractor shall investigate and furnish HAKC with full reports on all accidents, claims and potential claims for damages relating to the services provided under this contract, and will cooperate fully with HAKC and its’ agents in connection with all claims.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).
The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is union or non-union.

**Union Identifiers**

An identifier enclosed in dotted lines beginning with characters other than "SU" denotes that the union classification and rate have found to be prevailing for that classification. Example: PLUM0198-005 07/01/2011. The first four letters, PLUM, indicate the international union and the four-digit number, 0198, that follows indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2011, following these characters is the effective date of the most current negotiated rate/collective bargaining agreement which would be July 1, 2011 in the above example.

Union prevailing wage rates will be updated to reflect any changes in the collective bargaining agreements governing the rate.

**Non-Union Identifiers**

Classifications listed under an "SU" identifier were derived from survey data by computing average rates and are not union rates; however, the data used in computing these rates may include both union and non-union data. Example: SULA2004-007 5/13/2010. SU indicates the rates are not union rates, LA indicates the State of Louisiana; 2004 is the year of the survey; and 007 is an internal number used in producing the wage determination. A 1993 or later date, 5/13/2010, indicates...
the classifications and rates under that identifier were issued as a General Wage Determination on that date.

Survey wage rates will remain in effect and will not change until a new survey is conducted.

----------------------------------------------------------------
WAGE DETERMINATION APPEALS PROCESS
1.) Has there been an initial decision in the matter? This can be:

* an existing published wage determination
* a survey underlying a wage determination
* a Wage and Hour Division letter setting forth a position on a wage determination matter
* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator
(See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Section 3
Brochure
What is Section 3?

It is a means by which HUD fosters local economic development, neighborhood economic improvement, and individual self-sufficiency. Section 3 is the legal basis for providing jobs for residents and awarding contracts to businesses in areas receiving certain types of HUD financial assistance.

Under Section 3 of the HUD Act of 1968, wherever HUD financial assistance is expended for housing or community development, to the greatest extent feasible, economic opportunities will be given to Section 3 residents and businesses in that area.

Section 3 Policy

Congress established the Section 3 policy to guarantee that the employment and other economic opportunities created by Federal financial assistance for housing and community development programs should, if possible, be directed toward low and very-low income persons, particularly those who are recipients of government assistance for housing.

Who are Section 3 residents?

Section 3 residents are:

- Public Housing residents
- Low and very-low income persons who live in the metropolitan area or non-metropolitan county where a HUD-assisted project for housing or community development is located.

Determining Income Levels

- Low income is defined as 80% or below the median income of that area
- Very-low income is defined as 50% or below the median income of that area
- Median incomes can be found using the American Fact Finder at www.factfinder.census.gov/home/saff/main.html

What is a Section 3 business & what types of economic opportunities are available under Section 3?

A business:

- That is at least 51 percent or more owned by Section 3 residents,
- Whose permanent, full-time employees include persons, at least 30 percent of whom are currently Section 3 residents, or within three years of the date of first employment with the business concern were Section 3 residents, or
- That provides evidence of a commitment to subcontract in excess of 25 percent of the dollar award of all subcontracts to be awarded to a Section 3 business concern

Type of Opportunities:

- Job training
- Employment
- Contracts

Who will award the economic opportunities?

Recipients of HUD financial assistance and their contractors and subcontractors are required to provide economic opportunities, to the greatest extent possible, consistent with existing Federal, State, and local laws and regulations.

Who receives priority under Section 3?

For training and employment:

- Persons in public and assisted housing
- Persons in the area where the HUD financial assistance is expended
- Participants in HUD Youthbuild programs
- Homeless persons

For contracting:

Businesses that meet the definition of a Section 3 business owner

How can businesses find Section 3 residents to work for them?

Businesses can recruit in the neighborhood and public housing developments to inform residents about available training and job opportunities. Distributing flyers, posting signs, placing ads, and contacting resident organizations and local community development and employment agencies to locate potential workers are effective ways of acquiring jobs.

Are recipients, contractors and subcontractors required to provide long-term employment opportunities, and not simply seasonal or temporary employment?

Recipients are required, to the greatest extent feasible, to provide all types of employment opportunities to low and very-low income person, including seasonal and temporary employment, as well as long-term jobs.
Employment goals are based on “new hires”, which are defined as full-time employees for permanent, temporary or seasonal employment opportunities.

Recipients and contractors are encouraged to provide long-term employment. At least 30 percent of the permanent, full-time employees hired should be Section 3 residents. After a Section 3 employee has been employed for 3 years, the employee may no longer be counted as a Section 3 employee to meet the 30 percent requirement. This requires recipients to continue hiring Section 3 residents when employment opportunities are available.

**How can businesses and low income persons find out more about Section 3?**

Contact the Fair Housing and Equal Opportunity representative at your nearest HUD Field Office or the HUD Community Builder.

**What if it appears an entity is not complying with Section 3?**

There is a complaint process. Section 3 residents, businesses, or a representative for either may file complaints if they believe a violation of Section 3 requirements has occurred where a HUD-funded project is planned or underway. Complaints will be investigated; if appropriate, voluntary resolutions will be sought. A complaint that cannot be resolved voluntarily may result in an administrative hearing.

**Will HUD require compliance?**

Yes. HUD receives annual reports from recipients, monitors the performance of contractors and investigates complaints. HUD examines employment and contract records for evidence of actions taken to train and employ Section 3 residents and to award contracts to Section 3 businesses.

**How can businesses or residents pursue an alleged violation of Section 3?**

You can file a written complaint with the local HUD Field Office or mail it to:

> The Assistant Secretary for Fair Housing and Equal Opportunity  
> ATTN: Office of Economic Opportunity  
> U.S. Department of housing and Urban Development  
> 451 Seventh Street, S.W.,  
> Room 5100  
> Washington, D.C. 20410-2000

A written complaint should contain:

- Name and address of the person filing the complaint
- Name and address of subject of complaint (HUD recipient, contractor or subcontractor)
- Description of acts or omissions in alleged violation of Section 3
- Statement of corrective action sought i.e. training, employment or contracts
Section 3 Office (Kansas City, MO)

The Section 3 Division is located in the Historic Lincoln Building, in the 18th and Vine District, 1601 E. 18th St., Suite 200, Kansas City, MO 64108. The Section 3 Office serves to regulate the City’s federal requirements related to the Section 3 HUD Act of 1968, as amended. That act intends to foster local and neighborhood economic development and to increase individual self-sufficiency. The Section 3 Office certifies businesses and individuals as Section 3 Business Enterprises or Section 3 Workers.

The City of Kansas City Missouri is responsible for administering more than $9 million in Section 3 covered Community Development Block Grant (CDBG) funding. In 2006, Kansas City was the subject of a Section 3 Compliance Review, which resulted in a number of findings of noncompliance. Accordingly, Kansas City made Section 3 compliance a priority by creating an Office of Section 3 Administration with its own Section 3 Coordinator.

This office works closely with the city’s Contract Compliance Division, Office of Community Development, and potential Section 3 residents/contractors. As a result, the city has developed aggressive and innovative strategies for complying with the requirements of Section 3 and has exceeded the numerical goals for contracting and employment opportunities found at 24 CFR § 135.30.

Sec. 134.38  Section 3 clause.

All section 3 covered contracts shall include the following clause (referred to as the section 3 clause):

A. The work to be performed under this contract is subject to the requirements of section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (section 3). The purpose of section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

B. The parties to this contract agree to comply with HUD’s regulations in 24 CFR part 135, which implement section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

C. The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers’ representative of the contractor’s commitments under this section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The contractor agrees to include this section 3 clause in every subcontract subject to compliance with regulations in 24 CFR

part 135, and agree to take appropriate action, as provided in an applicable provision of the subcontract or in this section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR part 135.

E. The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR part 135 require employment opportunities to be directed, were not filled to circumvent the contractor’s obligations under 24 CFR part 135.

F. Noncompliance with HUD’s regulations in 24 CFR part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with section 3 covered Indian housing regulations, section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of section 3 and section 7(b) agree to comply with section 3 to the maximum extent feasible, but not in derogation of compliance with section 7(b).

(3) Establishing training programs, which are consistent with the requirements of the Department of Labor, for public and Indian housing residents and other Section 3 residents in the building trades.
(4) Advertising the training and employment positions by distributing flyers (which identify the positions to be filled, the qualifications required, and where to obtain additional information about the application process) to every occupied dwelling unit in the housing development or developments where category 1 or category 2 persons (as these terms are defined in Sec. 134.34) reside.
(5) Advertising the training and employment positions by posting flyers (which identify the positions to be filled, the qualifications required, and where to obtain additional information about the application process) in the common areas or other prominent areas of the housing development or developments where category 1 or category 2 persons reside; for all other recipients, post such advertising in the housing development or developments and transitional housing in the neighborhood or service area of the Section 3 covered project.
(6) Contacting resident councils, resident management corporations, or other resident organizations, where they exist, in the housing development or developments where category 1 or category 2 persons reside, and community organizations in HUD-assisted neighborhoods, to request the assistance of these organizations in notifying residents of the training and employment positions to be filled.
(7) Sponsoring (scheduling, advertising, financing or providing in-kind services) a job informational meeting to be conducted by an HA or contractor representative or representatives at a location in the housing development or developments where category 1 or category 2 persons reside or in the neighborhood or service area of the Section 3 covered project.

(15) For an HA, employing Section 3 residents directly on either a permanent or a temporary basis to perform work generated by Section 3 assistance. (This type of employment is referred to as “force account labor” in HUD’s Indian Housing regulations. See 24 CFR 905.102, and Sec. 905.201(a)(6).)

(16) Where there are more qualified Section 3 residents than there are positions to be filled, maintaining a file of eligible qualified Section 3 residents for future employment positions.

(17) Undertaking job counseling, education and related programs in association with local educational institutions.

(18) Undertaking such continued job training efforts as may be necessary to ensure the continued employment of Section 3 residents previously hired for employment opportunities.

(19) After selection of bidders but prior to execution of contracts, incorporating into the contract a negotiated provision for a specific number of public housing or other Section 3 residents to be trained or employed on the Section 3 covered assistance.

(20) Coordinating plans and implementation of economic development (e.g., job training and preparation, business development assistance for residents) with the planning for housing and community development.
II. Examples of Efforts To Award Contracts to Section 3 Business Concerns

1. Utilizing procurement procedures for Section 3 business concerns similar to those provided in 24 CFR part 905 for business concerns owned by Native Americans (see section III of this Appendix).

2. In determining the responsibility of potential contractors, consider their record of Section 3 compliance as evidenced by past actions and their current plans for the pending contract.

3. Contacting business assistance agencies, minority contractors associations and community organizations to inform them of contracting opportunities and requesting their assistance in identifying Section 3 businesses which may solicit bids or proposals for contracts for work in connection with Section 3 covered assistance.

5. For HAs, contacting resident councils, resident management corporations, or other resident organizations, where they exist, and requesting their assistance in identifying category 1 and category 2 business concerns.

6. Providing written notice to all known Section 3 business concerns of the contracting opportunities. This notice should be in sufficient time to allow the Section 3 business concerns to respond to the bid invitations or request for proposals.

7. Following up with Section 3 business concerns that have expressed interest in the contracting opportunities by contacting them to provide additional information on the contracting opportunities.

8. Coordinating pre-bid meetings at which Section 3 business concerns could be informed of upcoming contracting and subcontracting opportunities.

(22) Actively supporting the development or maintenance of business incubators which assist Section 3 business concerns.
III. Examples of Procurement Procedures That Provide for Preference for Section 3 Business Concerns

This Section III provides specific procedures that may be followed by recipients and contractors (collectively, referred to as the “contracting party”) for implementing the Section 3 contracting preference for each of the competitive procurement methods authorized in 24 CFR 85.36(d).

(1) Small Purchase Procedures. For Section 3 covered contracts aggregating no more than $25,000, the methods set forth in this paragraph (1) or the more formal procedures set forth in paragraphs (2) and (3) of this Section III may be utilized.

(i) Solicitation. (A) Quotations may be solicited by telephone, letter or other informal procedure provided that the manner of solicitation provides for participation by a reasonable number of competitive sources. At the time of solicitation, the parties must be informed of:
   ---the Section 3 covered contract to be awarded with sufficient specificity;
   ---the time within which quotations must be submitted; and
   ---the information that must be submitted with each quotation.

(B) If the method described in paragraph (i) (A) is utilized, there must be an attempt to obtain quotations from a minimum of three qualified sources in order to promote competition. Fewer than three quotations are acceptable when the contracting party has attempted, but has been unable, to obtain a sufficient number of competitive quotations. In unusual circumstances, the contracting party may accept the sole quotation received in response to a solicitation provided the price is reasonable. In all cases, the contracting party shall document the circumstances when is has been unable to obtain at least three quotations.

(ii) Award. (A) Where the Section 3 covered contract is to be awarded based upon the lowest price, the contract shall be awarded to the qualified Section 3 business concern with the lowest responsive quotation, if it is reasonable and no more than 10 percent higher than the quotation of the lowest responsive quotation from any qualified source, the award shall be made to the source with the lowest quotation. (B) Where the Section 3 covered contract is to be awarded based on factors other than price, a request for quotations shall be issued by developing the particulars of the solicitation, including a rating system for the assignment of points to evaluate the merits of each quotation. The solicitation shall identify all factors to be considered, including price or cost. The rating system shall provide for a range of 15 to 25 percent of the total number of available rating points to be set aside for the provision of preference for Section 3 business concerns. The purchase order shall be awarded to the responsible firm whose quotation is the most advantageous, considering price and all other factors specified in the rating system.
(2) Procurement by sealed bids (Invitation for Bids). Preference in the award of Section 3 covered contracts that are awarded under a sealed bid (IFB) process may be provided as follows:

(i) Bids shall be solicited from all businesses (Section 3 business concerns, and non-Section 3 business concerns). An award shall be made to the qualified Section 3 business concern with the highest priority ranking and with the lowest responsive bid if that bid --
(A) is within the maximum total contract price established in the contracting party’s budget for the specific project for which bids are being taken, and
(B) is not more than “X” higher than the total bid price of the lowest responsive bid from any responsible bidder. “X” is determined as follows:

\[
X = \text{lesser of:}
\]

- When the lowest responsive bid is less than $100,000: 10% of that bid or $9,000
- When the lowest responsive bid is:
  - At least $100,000, but less than $200,000: 9% of that bid, or $16,000
  - At least $200,000, but less than $300,000: 8% of that bid, or $21,000
  - At least $300,000, but less than $400,000: 7% of that bid, or $24,000
  - At least $400,000, but less than $500,000: 6% of that bid, or $25,000
  - At least $500,000, but less than $1 million: 5% of that bid, or $40,000
  - At least $1 million, but less than $2 million: 4% of that bid, or $60,000
  - At least $2 million, but less than $4 million: 3% of that bid, or $80,000
  - At least $4 million, but less than $7 million: 2% of that bid, or $105,000
  - $7 million or more: 1 ½ % of the lowest responsive bid, with no dollar limit.

(ii) If no responsive bid by a Section 3 business concern meets the requirements of paragraph (2)(i) of this section, the contract shall be awarded to a responsible bidder with the lowest responsive bid.
(3) Procurement under the competitive proposals method of procurement (Request for Proposals (RFP)). (i) For contracts and subcontracts awarded under the competitive proposals method of procurement (24 CFR 85.36(d)(3)), a Request for Proposals (RFP) shall identify all evaluation factors (and their relative importance) to be used to rate proposals.

(ii) One of the evaluation factors shall address both the preference for Section 3 business concerns and the acceptability of the strategy for meeting the greatest extent feasible requirement (Section 3 strategy), as disclosed in proposals submitted by all business concerns (Section 3 and non-Section 3 business concerns). This factor shall provide for a range of 15 to 25 percent of the total number of available points to be set aside for the evaluation of these two components.

(iii) The component of this evaluation factor designed to address the preference for Section 3 business concerns must establish a preference for these business concerns in the order of priority ranking as described in 24 CFR 135.36.

(iv) With respect to the second component (the acceptability of the Section 3 strategy), the FRP shall require the disclosure of the contractor’s Section 3 strategy to comply with the section 3 training and employment preference, or contracting preference, or both, if applicable. A determination of the contractor’s responsibility will include the submission of an acceptable Section 3 strategy. The contract award shall be made to the responsible firm (either Section 3 or non-Section 3 business concern) whose proposal is determined most advantageous, considering price and all other factors specified in the RFP.
1. Bid Preparation and Submission
(a) Bidders are expected to examine the specifications, drawings, all instructions, and, if applicable, the construction site (see also the contract clause entitled Site Investigation and Conditions Affecting the Work of the General Conditions of the Contract for Construction). Failure to do so will be at the bidders’ risk.

(b) All bids must be submitted on the forms provided by the Public Housing Agency/Indian Housing Authority (PHA/IHA). Bidders shall furnish all the information required by the solicitation. Bids must be signed and the bidder’s name typed or printed on the bid sheet and each continuation sheet which requires the entry of information by the bidder. Erasures or other changes must be initialed by the person signing the bid. Bids signed by an agent shall be accompanied by evidence of that agent’s authority. (Bidders should retain a copy of their bid for their records.)

(c) Bidders must submit as part of their bid a completed form HUD-5369-A, “Representations, Certifications, and Other Statements of Bidders.”

(d) All bid documents shall be sealed in an envelope which shall be clearly marked with the words “Bid Documents,” the Invitation for Bids (IFB) number, any project or other identifying number, the bidder’s name, and the date and time for receipt of bids.

(e) If this solicitation requires bidding on all items, failure to do so will disqualify the bid. If bidding on all items is not required, bidders should insert the words “No Bid” in the space provided for any item on which no price is submitted.

(f) Unless expressly authorized elsewhere in this solicitation, alternate bids will not be considered.

(g) Unless expressly authorized elsewhere in this solicitation, bids submitted by telegraph or facsimile (fax) machines will not be considered.

(h) If the proposed contract is for a Mutual Help project (as described in 24 CFR Part 905, Subpart E) that involves Mutual Help contributions of work, material, or equipment, supplemental information regarding the bid advertisement is provided as an attachment to this solicitation.

2. Explanations and Interpretations to Prospective Bidders
(a) Any prospective bidder desiring an explanation or interpretation of the solicitation, specifications, drawings, etc., must request it at least 7 days before the scheduled time for bid opening. Requests may be oral or written. Oral requests must be confirmed in writing. The only oral clarifications that will be provided will be those clearly related to solicitation procedures, i.e., not substantive technical information. No other oral explanation or interpretation will be provided. Any information given a prospective bidder concerning this solicitation will be furnished promptly to all other prospective bidders as a written amendment to the solicitation, if that information is necessary in submitting bids, or if the lack of it would be prejudicial to other prospective bidders.

(b) Any information obtained by, or provided to, a bidder other than by formal amendment to the solicitation shall not constitute a change to the solicitation.

3. Amendments to Invitations for Bids
(a) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged.
(b) Bidders shall acknowledge receipt of any amendment to this solicitation (1) by signing and returning the amendment, (2) by identifying the amendment number and date on the bid form, or (3) by letter, telegram, or facsimile, if those methods are authorized in the solicitation. The PHA/IHA must receive acknowledgement by the time and at the place specified for receipt of bids. Bids which fail to acknowledge the bidder’s receipt of any amendment will result in the rejection of the bid if the amendment(s) contained information which substantively changed the PHA/IHA’s requirements.

(c) Amendments will be on file in the offices of the PHA/IHA and the Architect at least 7 days before bid opening.

4. Responsibility of Prospective Contractor

(a) The PHA/IHA will award contracts only to responsible prospective contractors who have the ability to perform successfully under the terms and conditions of the proposed contract. In determining the responsibility of a bidder, the PHA/IHA will consider such matters as the bidder’s:

(1) Integrity;
(2) Compliance with public policy;
(3) Record of past performance; and
(4) Financial and technical resources (including construction and technical equipment).

(b) Before a bid is considered for award, the bidder may be requested by the PHA/IHA to submit a statement or other documentation regarding any of the items in paragraph (a) above. Failure by the bidder to provide such additional information shall render the bidder nonresponsible and ineligible for award.

5. Late Submissions, Modifications, and Withdrawal of Bids

(a) Any bid received at the place designated in the solicitation after the exact time specified for receipt will not be considered unless it is received before award is made and it:

(1) Was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th);

(2) Was sent by mail, or if authorized by the solicitation, was sent by telegram or via facsimile, and it is determined by the PHA/IHA that the late receipt was due solely to mishandling by the PHA/IHA after receipt at the PHA/IHA; or

(3) Was sent by U.S. Postal Service Express Mail Next Day Service - Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals. The term “working days” excludes weekends and observed holidays.

(b) Any modification or withdrawal of a bid is subject to the same conditions as in paragraph (a) of this provision.

(c) The only acceptable evidence to establish the date of mailing of a late bid, modification, or withdrawal sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date or the bid, modification, or withdrawal shall be processed as if mailed late. “Postmark” means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, bidders should request the postal clerk to place a hand cancellation bull’s-eye postmark on both the receipt and the envelope or wrapper.

(d) The only acceptable evidence to establish the time of receipt at the PHA/IHA is the time/date stamp of PHA/IHA on the proposal wrapper or other documentary evidence of receipt maintained by the PHA/IHA.

(e) The only acceptable evidence to establish the date of mailing of a late bid, modification, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the “Express Mail Next Day Service-Post Office to Addressee” label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. “Postmark” has the same meaning as defined in paragraph (c) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, bidders should request the postal clerk to place a legible hand cancellation bull’s-eye postmark on both the receipt and Failure by a bidder to acknowledge receipt of the envelope or wrapper.

(f) Notwithstanding paragraph (a) of this provision, a late modification of an otherwise successful bid that makes its terms more favorable to the PHA/IHA will be considered at any time it is received and may be accepted.

(g) Bids may be withdrawn by written notice, or if authorized by this solicitation, by telegram (including mailgram) or facsimile machine transmission received at any time before the exact time set for opening of bids; provided that written confirmation of telegraphic or facsimile withdrawals over the signature of the bidder is mailed and postmarked prior to the specified bid opening time. A bid may be withdrawn in person by a bidder or its authorized representative if, before the exact time set for opening of bids, the identity of the person requesting withdrawal is established and the person signs a receipt for the bid.
6. Bid Opening
All bids received by the date and time of receipt specified in the solicitation will be publicly opened and read. The time and place of opening will be as specified in the solicitation. Bidders and other interested persons may be present.

7. Service of Protest
(a) Definitions. As used in this provision:
   “Interested party” means an actual or prospective bidder whose direct economic interest would be affected by the award of the contract.
   “Protest” means a written objection by an interested party to this solicitation or to a proposed or actual award of a contract pursuant to this solicitation.
(b) Protests shall be served on the Contracting Officer by obtaining written and dated acknowledgement from —
   HAKC - Office of Procurement & Contracts
   301 E. Armour Blvd. – Suite #250
   Kansas City, MO  64111
   [Contracting Officer designate the official or location where a protest may be served on the Contracting Officer]
(c) All protests shall be resolved in accordance with the PHA’s/IHA’s protest policy and procedures, copies of which are maintained at the PHA/IHA.

8. Contract Award
(a) The PHA/IHA will evaluate bids in response to this solicitation without discussions and will award a contract to the responsible bidder whose bid, conforming to the solicitation, will be most advantageous to the PHA/IHA considering only price and any price-related factors specified in the solicitation.
(b) If the apparent low bid received in response to this solicitation exceeds the PHA’s/IHA’s available funding for the proposed contract work, the PHA/IHA may either accept separately priced items (see 8(e) below) or use the following procedure to determine contract award. The PHA/IHA shall apply in turn to each bid (proceeding in order from the apparent low bid to the high bid) each of the separately priced bid deductible items, if any, in their priority order set forth in this solicitation. If upon the application of the first deductible item to all initial bids, a new low bid is within the PHA’s/IHA’s available funding, then award shall be made to that bidder. If no bid is within the available funding amount, then the PHA/IHA shall apply the second deductible item. The PHA/IHA shall continue this process until an evaluated low bid, if any, is within the PHA’s/IHA’s available funding. If upon the application of all deductibles, no bid is within the PHA’s/IHA’s available funding, or if the solicitation does not request separately priced deductibles, the PHA/IHA shall follow its written policy and procedures in making any award under this solicitation.
(c) In the case of tie low bids, award shall be made in accordance with the PHA’s/IHA’s written policy and procedures.
(d) The PHA/IHA may reject any and all bids, accept other than the lowest bid (e.g., the apparent low bid is unreasonably low), and waive informalities or minor irregularities in bids received, in accordance with the PHA’s/IHA’s written policy and procedures.
(e) Unless precluded elsewhere in the solicitation, the PHA/IHA may accept any item or combination of items bid.
(f) The PHA/IHA may reject any bid as nonresponsive if it is materially unbalanced as to the prices for the various items of work to be performed. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated for other work.
(g) A written award shall be furnished to the successful bidder within the period for acceptance specified in the bid and shall result in a binding contract without further action by either party.

9. Bid Guarantee (applicable to construction and equipment contracts exceeding $25,000)
All bids must be accompanied by a negotiable bid guarantee which shall not be less than five percent (5%) of the amount of the bid. The bid guarantee may be a certified check, bank draft, U.S. Government Bonds at par value, or a bid bond secured by a surety company acceptable to the U.S. Government and authorized to do business in the state where the work is to be performed. In the case where the work under the contract will be performed on an Indian reservation area, the bid guarantee may also be an irrevocable Letter of Credit (see provision 10, Assurance of Completion, below). Certified checks and bank drafts must be made payable to the order of the PHA/IHA. The bid guarantee shall insure the execution of the contract and the furnishing of a method of assurance of completion by the successful bidder as required by the solicitation. Failure to submit a bid guarantee with the bid shall result in the rejection of the bid. Bid guarantees submitted by unsuccessful bidders will be returned as soon as practicable after bid opening.

10. Assurance of Completion
(a) Unless otherwise provided in State law, the successful bidder shall furnish an assurance of completion prior to the execution of any contract under this solicitation. This assurance may be [Contracting Officer check applicable items]
(X) (1) a performance and payment bond in a penal sum of 100 percent of the contract price; or, as may be required or permitted by State law;

[ ] (2) separate performance and payment bonds, each for 50 percent or more of the contract price;

[ ] (3) a 20 percent cash escrow;

[ ] (4) a 25 percent irrevocable letter of credit; or,

[ ] (5) an irrevocable letter of credit for 10 percent of the total contract price with a monitoring and disbursements agreement (applicable only to contracts awarded by an IHA under the Indian Housing Program).

(b) Bonds must be obtained from guarantee or surety companies acceptable to the U.S. Government and authorized to do business in the state where the work is to be performed. Individual sureties will not be considered. U.S. Treasury Circular Number 570, published annually in the Federal Register, lists companies approved to act as sureties on bonds securing Government contracts, the maximum underwriting limits on each contract bonded, and the States in which the company is licensed to do business. Use of companies listed in this circular is mandatory. Copies of the circular may be downloaded on the U.S. Department of Treasury website http://www.fms.treas.gov/c570/index.html, or ordered for a minimum fee by contacting the Government Printing Office at (202) 512-2168.

(c) Each bond shall clearly state the rate of premium and the total amount of premium charged. The current power of attorney for the person who signs for the surety company must be attached to the bond. The effective date of the power of attorney shall not precede the date of the bond. The effective date of the bond shall be on or after the execution date of the contract.

(d) Failure by the successful bidder to obtain the required assurance of completion within the time specified, or within such extended period as the PHA/IHA may grant based upon reasons deemed adequate by the PHA/IHA, shall render the bidder ineligible for award. The PHA/IHA may then either award the contract to the next lowest responsible bidder or solicit new bids. The PHA/IHA may retain the ineligible bidder’s bid guarantee.

11. Preconstruction Conference (applicable to construction contracts)

After award of a contract under this solicitation and prior to the start of work, the successful bidder will be required to attend a preconstruction conference with representatives of the PHA/IHA and its architect/engineer, and other interested parties convened by the PHA/IHA. The conference will serve to acquaint the participants with the general plan of the construction operation and all other requirements of the contract (e.g., Equal Employment Opportunity, Labor Standards). The PHA/IHA will provide the successful bidder with the date, time, and place of the conference.

12. Indian Preference Requirements (applicable only if this solicitation is for a contract to be performed on a project for an Indian Housing Authority)

(a) HUD has determined that the contract awarded under this solicitation is subject to the requirements of section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450e(b)). Section 7(b) requires that any contract or subcontract entered into for the benefit of Indians shall require that, to the greatest extent feasible,

(1) Preferences and opportunities for training and employment (other than core crew positions; see paragraph (h) below) in connection with the administration of such contracts or subcontracts be given to qualified “Indians.” The Act defines “Indians” to mean persons who are members of an Indian tribe and defines “Indian tribe” to mean any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act, which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians; and,

(2) Preference in the award of contracts or subcontracts in connection with the administration of contracts be given to Indian organizations and to Indian-owned economic enterprises, as defined in section 3 of the Indian Financing Act of 1974 (25 U.S.C. 1452). That Act defines “economic enterprise” to mean any Indian-owned commercial, industrial, or business activity established or organized for the purpose of profit, except that the Indian ownership must constitute not less than 51 percent of the enterprise; “Indian organization” to mean the governing body of any Indian tribe or entity established or recognized by such governing body; “Indian” to mean any person who is a member of any tribe, band, group, pueblo, or community which is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs and any “Native” as defined in the Alaska Native Claims Settlement Act; and Indian “tribe” to mean any Indian tribe, band, group, pueblo, or community including Native villages and Native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act, which is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs.

(b) (1) The successful Contractor under this solicitation shall comply with the requirements of this provision in awarding all subcontracts under the contract and in providing training and employment opportunities.
(2) A finding by the IHA that the contractor, either (i) awarded a subcontract without using the procedure required by the IHA, (ii) falsely represented that subcontracts would be awarded to Indian enterprises or organizations; or, (iii) failed to comply with the contractor's employment and training preference bid statement shall be grounds for termination of the contract or for the assessment of penalties or other remedies.

(c) If specified elsewhere in this solicitation, the IHA may restrict the solicitation to qualified Indian-owned enterprises and Indian organizations. If two or more (or a greater number as specified elsewhere in the solicitation) qualified Indian-owned enterprises or organizations submit responsive bids, award shall be made to the qualified enterprise or organization with the lowest responsive bid. If fewer than the minimum required number of qualified Indian-owned enterprises or organizations submit responsive bids, the IHA shall reject all bids and readvertise the solicitation in accordance with paragraph (d) below.

(d) If the IHA prefers not to restrict the solicitation as described in paragraph (c) above, or if after having restricted a solicitation an insufficient number of qualified Indian enterprises or organizations submit bids, the IHA may advertise for bids from non-Indian as well as Indian-owned enterprises and Indian organizations. Award shall be made to the qualified Indian enterprise or organization with the lowest responsive bid if that bid is –

(1) Within the maximum HUD-approved budget amount established for the specific project or activity for which bids are being solicited; and

(2) No more than the percentage specified in 24 CFR 905.175(c) higher than the total bid price of the lowest responsive bid from any qualified bidder. If no responsive bid by a qualified Indian-owned economic enterprise or organization is within the stated range of the total bid price of the lowest responsive bid from any qualified enterprise, award shall be made to the bidder with the lowest bid.

(e) Bidders seeking to qualify for preference in contracting or subcontracting shall submit proof of Indian ownership with their bids. Proof of Indian ownership shall include but not be limited to:

(1) Certification by a tribe or other evidence that the bidder is an Indian. The IHA shall accept the certification of a tribe that an individual is a member.

(2) Evidence such as stock ownership, structure, management, control, financing and salary or profit sharing arrangements of the enterprise.

(f) (1) All bidders must submit with their bids a statement describing how they will provide Indian preference in the award of subcontracts. The specific requirements of that statement and the factors to be used by the IHA in determining the statement’s adequacy are included as an attachment to this solicitation. Any bid that fails to include the required statement shall be rejected as nonresponsive. The IHA may require that comparable statements be provided by subcontractors to the successful Contractor, and may require the Contractor to reject any bid or proposal by a subcontractor that fails to include the statement.

(2) Bidders and prospective subcontractors shall submit a certification (supported by credible evidence) to the IHA in any instance where the bidder or subcontractor believes it is infeasible to provide Indian preference in subcontracting. The acceptance or rejection by the IHA of the certification shall be final. Rejection shall disqualify the bid from further consideration.

(g) All bidders must submit with their bids a statement detailing their employment and training opportunities and their plans to provide preference to Indians in implementing the contract; and the number or percentage of Indians anticipated to be employed and trained. Comparable statements from all proposed subcontractors must be submitted. The criteria to be used by the IHA in determining the statement(s)'s adequacy are included as an attachment to this solicitation. Any bid that fails to include the required statement(s), or that includes a statement that does not meet minimum standards required by the IHA shall be rejected as nonresponsive.

(h) Core crew employees. A core crew employee is an individual who is a bona fide employee of the contractor at the time the bid is submitted; or an individual who was not employed by the bidder at the time the bid was submitted, but who is regularly employed by the bidder in a supervisory or other key skilled position when work is available. Bidders shall submit with their bids a list of all core crew employees.

(i) Preference in contracting, subcontracting, employment, and training shall apply not only on-site, on the reservation, or within the IHA’s jurisdiction, but also to contracts with firms that operate outside these areas (e.g., employment in modular or manufactured housing construction facilities).

(j) Bidders should contact the IHA to determine if any additional local preference requirements are applicable to this solicitation.

(k) The IHA [ ] does [X] does not [Contracting Officer check applicable box] maintain lists of Indian-owned economic enterprises and Indian organizations by specialty (e.g., plumbing, electrical, foundations), which are available to bidders to assist them in meeting their responsibility to provide preference in connection with the administration of contracts and subcontracts.

The Contractor is prohibited from placing a lien on the PHA’s property. This prohibition shall apply to all subcontractors at any tier and all materials suppliers. The only liens on the PHA’s property shall be the Declaration of Trust or other liens approved by HUD.

3. Disputes
(a) Except for disputes arising under the Labor Standards clauses, all disputes arising under or relating to this contract, including any claims for damages for the alleged breach thereof which are not disposed of by agreement, shall be resolved under this clause.
(b) All claims by the Contractor shall be made in writing and submitted to the Contracting Officer for a written decision. A claim by the PHA against the Contractor shall be subject to a written decision by the Contracting Officer.
(c) The Contracting Officer shall, within 30 days after receipt of the request, decide the claim or notify the Contractor of the date by which the decision will be made.

Such appeal must be made within 30 days after receipt of the Contracting Officer’s decision.
(e) The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under or relating to the contract, and comply with any decision of the Contracting Officer.

The Contractor and its sureties shall be liable for any damage to the PHA resulting from the Contractor’s refusal or failure to complete the work within the specified time, whether or not the Contractor’s right to proceed with the work is terminated. This liability includes any increased costs incurred by the PHA in completing the work.

The Contracting Officer shall ascertain the facts and the extent of the delay. If, in the judgment of the Contracting Officer, the findings of Fact warrant such action, time for completing the work shall be extended by written modification to the contract. The findings of the Contracting Officer shall be reduced to a written decision which shall be subject to the provisions of the Disputes clause of this contract.
(c) If, after termination of the Contractor’s right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligation of the parties will be the same as if the termination had been for convenience of the PHA.

5. Termination for Convenience
(a) The Contracting Officer may terminate this contract in whole, or in part, whenever the Contracting Officer determines that such termination is in the best interest of the PHA. Any such termination shall be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which the performance of the work under the contract is terminated, and the date upon which such termination becomes effective.
(b) If the performance of the work is terminated, either in whole or in part, the PHA shall be liable to the Contractor for reasonable and proper costs resulting from such termination upon the receipt by the PHA of a properly presented claim setting out in detail: (1) the total cost of the work performed to date of termination less the total amount of contract payments made to the Contractor; (2) the cost (including reasonable profit) of settling and paying claims under subcontracts and material orders for work performed and materials and supplies delivered to the site, payment for which has not been made by the PHA to the Contractor or by the Contractor to the subcontractor or supplier; (3) the cost of preserving and protecting the work already performed until the PHA or assignee takes possession thereof or assumes responsibility therefor; (4) the actual or estimated cost of legal and accounting services reasonably necessary to prepare and present the termination claim to the PHA; and (5) an amount constituting a reasonable profit on the value of the work performed by the Contractor.

If the Contractor has a “claims-made” policy, then the following additional requirements apply: the policy must provide a “retroactive date” which must be on or before the execution date of the Contract; and the extended reporting period may not be less than five years following the completion date of the Contract.
   (3) Automobile Liability on owned and non-owned motor vehicles used on the site(s) or in connection therewith for a combined single limit for bodily injury and property damage of not less than $(See Section 8 of IFB/RFP) per occurrence.

(b) Before commencing work, the Contractor shall furnish the PHA with a certificate of insurance evidencing that Builder’s Risk (fire and extended coverage) Insurance on all work in place and/or materials stored at the building site(s), including foundations and building equipment, is in force. The Builder’s Risk Insurance shall be for the benefit of the Contractor and the PHA as their interests may appear and each shall be named in the policy or policies as an insured. The Contractor in installing equipment supplied by the PHA shall carry insurance on such equipment from the time the Contractor takes possession thereof until the Contract work is accepted by the PHA. Policies shall furnish coverage at all times for the full cash value of all completed construction, as well as materials in place and/or stored at the site(s), whether or not partial payment has been made by the PHA. The Contractor may terminate this insurance on buildings as of the date taken over for occupancy by the PHA. The Contractor is not required to carry Builder’s Risk Insurance for modernization work which does not involve structural alterations or additions and where the PHA’s existing fire and extended coverage policy can be endorsed to include such work.

(c) All insurance shall be carried with companies which are financially responsible and admitted to do business in the State in which the project is located. If any such insurance is due to expire during the construction period, the Contractor (including subcontractors, as applicable) shall not permit the coverage to lapse and shall furnish evidence of coverage to the Contracting Officer. All certificates of insurance, as evidence of coverage, shall provide that no coverage may be canceled or non-renewed by the insurance company until at least 30 days prior written notice has been given to the Contracting Officer.

(b) The Contracting Officer may modify the contract unilaterally (1) pursuant to a specific authorization stated in a contract clause (e.g., Changes); or (2) for administrative matters which do not change the rights or responsibilities of the parties (e.g., change in the PHA address). All other contract modifications shall be in the form of supplemental agreements signed by the Contractor and the Contracting Officer.
(c) When a proposed modification requires the approval of HUD prior to its issuance (e.g., a change order that exceeds the PHA’s approved threshold), such modification shall not be effective until the required approval is received by the PHA.
8. Changes
(a) The Contracting Officer may, at any time, without notice to the sureties, by written order designated or indicated to be a change order, make changes in the work within the general scope of the contract including changes:

   (4) Directing the acceleration in the performance of the work.
(b) Any other written order or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the Contracting Officer that causes a change shall be treated as a change order under this clause; provided, that the Contractor gives the Contracting Officer written notice stating (1) the date, circumstances and source of the order and (2) that the Contractor regards the order as a change order.
(c) Except as provided in this clause, no order, statement or conduct of the Contracting Officer shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment.
(d) If any change under this clause causes an increase or decrease in the Contractor’s cost of, or the time required for the performance of any part of the work under this contract, whether or not changed by any such order, the Contracting Officer shall make an equitable adjustment and modify the contract in writing. However, except for a adjustment based on defective specifications, no proposal for any change under paragraph (b) above shall be allowed for any costs incurred more than 20 days (5 days for oral orders) before the Contractor gives written notice as required. In the case of defective specifications for which the PHA is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with the defective specifications.
(e) The Contractor must assert its right to an adjustment under this clause within 30 days after (1) receipt of a written change order under paragraph (a) of this clause, or (2) the furnishing of a written notice under paragraph (b) of this clause, by submitting a written statement describing the general nature and the amount of the proposal. If the facts justify it, the Contracting Officer may extend the period for submission. The proposal may be included in the notice required under paragraph (b) above. No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this contract.
(f) The Contractor’s written proposal for equitable adjustment shall be submitted in the form of a lump sum proposal supported with an itemized breakdown of all increases and decreases in the contract in at least the following details:

The Contractor shall not be allowed a profit on the profit received by any subcontractor. Equitable adjustments for deleted work shall include a credit for profit and may include a credit for indirect costs. On proposals covering both increases and decreases in the amount of the contract, the application of indirect costs and profit shall be on the net-change in direct costs for the Contractor or subcontractor performing the work.
   (g) The Contractor shall include in the proposal its request for time extension (if any), and shall include sufficient information and dates to demonstrate whether and to what extent the change will delay the completion of the contract in its entirety.
   (h) The Contracting Officer shall act on proposals within 30 days after their receipt, or notify the Contractor of the date when such action will be taken.
   (i) Failure to reach an agreement on any proposal shall be a dispute under the clause entitled Disputes herein. Nothing in this clause, however, shall excuse the Contractor from proceeding with the contract as changed.
   (j) Except in an emergency endangering life or property, no change shall be made by the Contractor without a prior order from the Contracting Officer.

9. Examination and Retention of Contractor’s Records
The HA, HUD, or Comptroller General of the United States, or any of their duly authorized representatives shall, until three years after final payment under this contract, have access to and the right to examine any of the Contractor’s directly pertinent books, documents, papers, or other records involving transactions related to this contract for the purpose of making audit, examination, excerpts, and transcriptions.

(iv) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (a)(2)(ii) or (iii) of this clause shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(3) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(4) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; provided, that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(b) Withholding of Funds. HUD or its designee shall, upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same prime Contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime Contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any
subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working in the construction or development of the project, all or part of the wages required by the contract, HUD or its designee may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the Contractor, disburse such amounts withheld for and on account of the Contractor or subcontractor to the respective employees to whom they are due.

(c) Payrolls and Basic Records.

(1) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working in the construction or development of the project. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found, under 29 CFR 5.5(a)(1)(iv), that the wages of any laborer or mechanic include the amount of costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(2) (i) The Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Contracting Officer for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under subparagraph (c)(1) of this clause. This information may be submitted in any form desired. Optional Form WH-347 (Federal Stock Number 029-005-00014-1) is available for this purpose and may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. The prime Contractor is responsible for the submission of copies of payrolls by all subcontractors. (Approved by the Office of Management and Budget under OMB Control Number 1214-0149.)

(ii) Each payroll submitted shall be accompanied by a “Statement of Compliance,” signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(A) That the payroll for the payroll period contains the information required to be maintained under paragraph (c)(1) of this clause and that such information is correct and complete;

(B) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3; and

(C) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(iii) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirements for submission of the “Statement of Compliance” required by subparagraph (c)(2)(ii) of this clause.

(iv) The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.

(3) The Contractor or subcontractor shall make the records required under subparagraph (c)(1) available for inspection, copying, or transcription by authorized representatives of HUD or its designee, the Contracting Officer, or the Department of Labor and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.
(d) **Apprentices.** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services (OATELS), or with a State Apprenticeship Agency recognized by OATELS, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by OATELS or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.

The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in this paragraph, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman’s hourly rate) specified in the Contractor’s or subcontractor’s registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice’s level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event OATELS, or a State Apprenticeship Agency recognized by OATELS, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(e) **Trainees.** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee’s level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed in the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate in the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate in the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate in the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(f) **Equal Employment Opportunity.** The utilization of apprentices, trainees, and journeymen under this clause shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

(g) **Compliance with Copeland Act Requirements.** The Contractor shall comply with the requirements of 29 CFR Part 3, which are hereby incorporated by reference in this contract.

(h) **Contract Termination; Debarment.** A breach of the labor standards clauses in this contract may be grounds for termination of the contract and for debarment as a Contractor and a subcontractor as provided in 29 CFR 5.12.

(i) **Compliance with Davis-Bacon and related Act Requirements.** All rulings and interpretations of the Davis-Bacon and related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

(j) **Disputes Concerning Labor Standards.** Disputes arising out of the labor standards provisions of this clause shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the PHA, HUD, the U.S. Department of Labor, or the employees or their representatives.
(k) **Certification of Eligibility.**

(1) By entering into this contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded contracts by the United States Government by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a United States Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(a).

(l) **Subcontracts.**

The Contractor or subcontractor shall insert in any subcontracts all the provisions contained in this clause, and such other clauses as HUD or its designee may by appropriate instructions require, and also a clause requiring the subcontractors to include these provisions in any lower tier subcontracts. The prime Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all these provisions.

(m) **Non-Federal Prevailing Wage Rates.**

Any prevailing wage rate (including basic hourly rate and any fringe benefits), determined under State law to be prevailing, with respect to any employee in any trade or position employed under the contract, is inapplicable to the contract and shall not be enforced against the Contractor or any subcontractor, with respect to employees engaged under the contract whenever such non-Federal prevailing wage rate exceeds:

(i) The applicable wage rate determined by the Secretary of Labor pursuant to the Davis-Bacon Act (40 U.S.C. 3141 et seq.) to be prevailing in the locality with respect to such trade;

(ii) An applicable apprentice wage rate based thereon specified in an apprenticeship program registered with the U.S. Department of Labor (DOL) or a DOL-recognized State Apprenticeship Agency; or

(iii) An applicable trainee wage rate based thereon specified in a DOL-certified trainee program.

Certificate for Payment and the making of payments under this Agreement shall not be evidence of the satisfactory performance of the Work, in whole or in part. The issuance of a Certificate for Payment and the making of payments shall not be construed as an acceptance of defective Work or improper materials.

27.9 **ERRONEOUS PAYMENT APP.:** If the Contractor, after submitting an Application for Payment or an Application for Final Payment, discovers that a portion or all of such application requested payment for Work that fails to conform to the Specifications, Drawings, or this Agreement, then the Contractor shall: (1) notify the Contracting Officer of such performance deficiency; and (2) pay HAKC interest on the value of the nonconformity (computed in the manner provided in 5 U.S.C. § 3909(c)) from the date of the Contractor's receipt of payment for the deficient Work until: (A) the date the Contractor notifies the Contracting Officer that the nonconformity has been corrected; or (B) the date that the Contractor reduces the amount of any subsequent Application for Payment by an amount equal to the value of nonconformity.

27.10 **RETAINAGE:** The Contracting Officer shall retain ten percent (10%) of each payment to the Contractor, unless the Architect and/or the Project Manager or the Contracting Officer determines that a higher rate of retainage is required to ensure performance of this Agreement. In no event shall the retainage exceed ten percent (10%) of the Contract Price. Within thirty (30) days after Certification of Substantial Completion, HAKC shall pay the retainage to the Contractor, less two times (2X) the dollar value of any unfinished or nonconforming Work, and less the dollar value of any claims asserted by HAKC and other deductions authorized by this Agreement or permitted by law.

27.11 **FINAL PAYMENT APPLICATION:** The Contractor shall submit an Application for Final Payment to the Architect after issuance of the Certificate of Final Completion. If any claims are excepted from the release, the Contractor shall clearly define the basis and scope of each individual claim. The Contractor shall not request payment for excepted claims in its Application for Final Payment.

E. **Final Lien Waiver & Release:** The Contractor shall execute and submit a Final Lien Waiver and Release. The Contractor also shall obtain and submit a Final Lien Waiver and Release from every Subcontractor.

F. **Wages, Hours & Dismissal Rights Affidavit:** The Contractor shall submit an affidavit stating that it has fully complied with the provisions and requirements of Chapter 290, Wages, Hours and Dismissal Rights, of Missouri's Revised Statutes. The Contractor shall submit similar affidavits that it has obtained from each Subcontractor, after the Subcontractor has completed its portion of the Work.

G. **Stock & Parts:** The Contractor shall submit evidence that extra stock and spare parts, tools, and keys required by this Agreement, if any, have been submitted to the Project Manager or placed in approved storage areas at the Work Site.

27.12 **FINAL PAYMENT CERTIFICATE:** After receiving the Contractor's Application for Final Payment, the Architect and/or Project Manager shall either issue to the Contracting Officer a Certificate for Final Payment for such amount as the Architect and/or Project Manager determines is properly due, or notify the Contracting Officer of its reasons for rejecting the Application for Final Payment, in whole or in part. The Architect and/or Project Manager shall return the Application for Final Payment to the Contractor within seven (7)
days after receiving such application, and shall specify the reason(s) for returning the application, if the Architect and/or Project Manager determines: (1) the Application for Final Payment lacks adequate substantiating data; or, (2) the form of the Application for Final Payment is unsatisfactory.

27.13 **FINAL PAYMENT:** Within fourteen (14) days after the Architect and/or the Project Manager receives the Contractor’s Application for Final Payment, unless a longer period (not to exceed thirty (30) days) is necessary to afford the Architect and/or Project Manager a practicable opportunity to adequately inspect the Work and determine the adequacy of the Contractor’s performance under this Agreement, the Contracting Officer shall either pay the Contractor the amount certified by the Architect and/or Project Manager or notify the Contractor of its reasons for withholding Final Payment, in whole or in part. The Contracting Officer shall not make Final Payment to the Contractor, unless or until the Contractor submits the affidavits required by RSMo. § 290.290, concerning compliance with Chapter 290, Wages, Hours, and Dismissal Rights, of Missouri’s Revised Statutes.

*See* Article 28, General Conditions of the Contract for Construction HUD form 5370.

**Article 29. Changes**

**29.1 PERFORMANCE OF CHANGED WORK:** The Contractor shall not perform Work requiring reimbursement in addition to the Contract Price, or extensions of the Contract Time, without receiving a prior written Change Order issued by the Architect and/or Project Manager signed by the Contracting Officer.

**29.2 CHANGE ORDER APPLICATIONS:** If the Contractor believes that any instruction, act, or event justifies a change in the Contract Price, the Contract Time, or other provision of this Agreement, the Contractor shall submit to the Architect and/or Project Manager a written Application for a Change Order.

**29.3 DELAYS:**

**29.3.A. Sources of Delay Claims:** If the Contractor is delayed at any time while performing the Work by labor disputes, fire, extraordinary adverse weather conditions not reasonably anticipatable, unavoidable casualties, environmental hazards or any cause which the Contractor believes justifies an extension of time, the Contractor shall submit to the Architect and/or Project Manager an Application for a Change Order, seeking an extension of the Contract Time.

**29.3.B. Critical Path Delays:** In no event shall the Contract Time be extended as the result of a delay, unless Work on the critical path of the CPM Progress Schedule has been delayed.

**29.3.C. Weather Delays:** If adverse weather conditions are the basis for the Contractor’s Application for a Change Order, such application shall be documented by data substantiating that: (1) weather conditions were abnormally severe for month in which such conditions occurred, and could not have been reasonably foreseen; (2) such weather conditions delayed the scheduled construction; and, (3) the Contractor did not contribute to the delay in the construction. The Contractor shall not be awarded a Change Order due to adverse weather conditions if the Contractor fails to submit such documentation to the Architect and/or Project Manager.

29.5 **ACTUAL COSTS:** The Contractor’s Application for a Change Order shall state the Contractor’s actual cost of furnishing machinery, equipment, materials and labor, without including amounts for the Contractor’s overhead or profit. If requested by the Architect and/or the Project Manager, the Contractor shall submit satisfactory evidence that its Application for a Change Order does not include amounts for overhead or profit.

29.6 **TIME FOR CHANGE ORDER APP.:** Contractor shall assert its written Application for a Change Order to the Architect and/or Project Manager within seven (7) days after the occurrence of the act or event giving rise to such request. Failure by Contractor to submit its written Application for a Change Order within the preceding time shall constitute a waiver of the Contractor’s rights, if any, to an adjustment of the Contract Price, the Contract Time, or other provision of this Agreement.

29.7 **CHANGE ORDER APP. DECISIONS:** Within thirty (30) days after receiving the Contractor’s Application for a Change Order, the Contracting Officer shall grant or deny the Contractor’s application, or notify the Contractor of the date when such action will be taken. If the Contracting Officer grants the Contractor’s Application for a Change Order, in whole or in part, the Architect and/or Project Manager shall issue a written Change Order, as provided below. If the Contracting Officer denies the Contractor’s Application for a Change Order, the Contractor may pursue its claim under Article 31, Disputes.

29.8 **ISSUANCE OF CHANGE ORDERS:** The Contracting Officer may, at any time, make changes to this Agreement, including but not limited to changes in: (1) the scope of the Work; (2) the method of performing the Work; and (3) the rate of performance of the Work. Notwithstanding any provision to the contrary, this Agreement cannot be orally modified. All changes shall be made in a writing signed by the Contracting Officer and describing the change ("Change Order").

29.9 **CONTENT OF CHANGE ORDERS:** All Change Orders shall include: (a) a detailed description of the change in the Work, including a reference to applicable Specifications and Drawings; (b) the extent of the adjustment in the Contract Price, if any; and, (c) the extent of the adjustment in the Contract Time, if any.

29.10 **OVERHEAD AND PROFIT:** If a Change Order increases the Contract Price, the Contracting Officer may include amounts for overhead and profit in the dollar value of the Change Order. The Contracting Officer, in its sole discretion, shall determine the amount of overhead and profit in accordance with the Specifications.

29.11 **PERFORMANCE OF CHANGES:** The issuance of Change Orders shall not invalidate this Agreement. Unless expressly provided otherwise in writing, the Contractor shall perform all changed Work in compliance with the terms and conditions of this Agreement.

**Article 30. Suspension of Work**

*See* Article 30. General Conditions of the Contract for Construction HUD form 5370.

31.1 **CLAIMS DEFINED:** The term "Claim" as used in this Article 31, means a demand or assertion by the Contractor seeking payment of money, the adjustment or interpretation of Agreement terms, or other relief arising under or relating to this Agreement. Applications for Change Orders pursuant to Article 29, Changes, and routine Applications for Payment shall not constitute Claims.

31.2 **SUBMISSION OF CLAIMS:** Within thirty (30) days after the Contractor knows, or should have known, the facts giving rise to a Claim, the Contractor shall submit its Claim(s) in writing to the Architect and/or Project Manager. The Contractor acknowledges that HAKC will be prejudiced if the Contractor fails to submit its Claim(s) in the time provided. **Failure by the Contractor to assert a written Claim within the time provided shall constitute a waiver of such Claim and all rights associated therewith.**

The Claim shall contain sufficient information to enable the Contracting Officer to make an informed decision concerning the Claim.

**DECISIONS REGARDING CLAIMS:** Within sixty (60) days after receipt of a written Claim, the Contracting Officer shall render a decision concerning the Claim. The Contracting Officer shall issue a written decision to HAKC and the Contractor, by certified mail, return receipt requested. Failure of the Contracting Officer to issue a decision within the sixty (60) day period shall have the effect of a denial of the Contractor’s Claim. The Contracting Officer’s determination of Claims shall be final and binding of the contractor.

**Article 32. Default**

**32.1 HAKC’S RIGHT TO PERFORM WORK:** If Contractor fails or neglects to perform the Work properly or strictly comply with any provision of this Agreement, HAKC may, without prejudice to any other right or remedy HAKC may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due the Contractor.

**32.2 TERMINATION FOR CAUSE**

**32.2.A. “Causes” for Termination:** Any of the following conditions shall justify HAKC’s termination of this Agreement “for cause”: (1) the Contractor fails to prosecute the Work, or a separable part thereof, with the diligence that will ensure its completion within the time specified in this Agreement; (2) the Contractor fails to complete the Work, or any separable part thereof, in the time specified in this Agreement; (3) the Contractor fails to make payment to a Subcontractor in accordance with the respective agreement between the Contractor and such Subcontractor; (4) the Contracting Officer determines that the Contractor has an Organizational Conflict of Interest; (5) the Contractor becomes subject to mandatory ineligibility to contract with HUD, under applicable laws and regulations; or, (6) the Contractor fails to strictly comply with any term, condition, or provision of this contract.

**32.2.C. Notice of Termination for Cause:** If the Contractor fails to cure the condition constituting cause for termination during the ten (10) day period, HAKC may terminate this Agreement for cause, by issuing a notice of termination to the Contractor.

Effect of Termination for Cause:** If this contract is terminated for cause, Contractor and its sureties shall be liable for any damage to HAKC resulting from Contractor’s refusal or failure to perform the Work in compliance with this Agreement, including attorneys’ fees, interest, and any increased costs incurred by HAKC while completing the Work with replacement contractors.

**32.2.E. Unauthorized Termination for Cause:** If, after termination for cause, it is determined that such Termination for Cause was not authorized by this Article, then the rights and obligations of the parties will be the same as if this Agreement had been terminated for convenience pursuant to Article 34.

**Article 33. Liquidated Damages**

**33.1 LIQUIDATED DAMAGES:** For each calendar day that the Contractor has not obtained an executed Certificate of Substantial Completion for Work, HAKC shall be entitled to recover from the Contractor the sum of ___________ Dollars & Zero Cents ($00) per calendar day, not as a penalty, but as liquidated damages.

The Proposal shall be submitted within fourteen (14) days after the effective date of termination.

34.3 EFFECT OF TERMINATION FOR CONVENIENCE: The Contracting Officer shall not be bound by the Proposal, but should consider the Proposal when determining the amount owed to the Contractor. The Contractor shall receive payment for the total value of the Work performed before termination for convenience, less the total and the amount of any claims that HAKC asserts against the Contractor. If this Agreement is partially terminated for convenience, the Contracting Officer shall reduce the Contract Price in proportion to the percentage of work terminated.

34.4 TERMINATION GENERALLY:

If the contract is terminated for cause, the notice of termination additionally shall state: (1) the acts or omissions constituting cause for termination; (2) the Contracting Officer’s determination that the Contractor’s failure to perform is not excusable; and (3) HAKC’s rights to charge excess costs of re-procurement and completion to the Contractor. Upon termination, the Contractor shall follow the Contracting Officer’s instructions regarding the transition of the responsibilities, including immediate delivery to the Contracting Officer of all files, papers and records related to the Contractor’s performance of this Agreement.
