PART ONE
INTRODUCTION AND BID STRUCTURE

1. The Housing Authority of Kansas City, Missouri is organized under the laws of the State of Missouri. It owns and operates over 1900 units of conventional public housing in multifamily and single-family sites through the city and provides rental assistance subsidies to approximately 7500 households under the Section 8 Housing Assistance Payment Program. The agency has an annual operating budget of $20 million. Receives approximately $3.5 million in annual Capitol Fund program allocations and maintains funding awards for the HOPE VI and Public Housing Development Programs. HAKC also funds and manages a variety of social service and economic development programs for its residents.

2. There will be a pre-bid conference for this project on September 21, 2020 at 10:00 am at 1121 Woodland Avenue, Kansas City, MO. Project Manager – Stacy Landis may be contacted at slandis@hakc.org and 816-602-9931.

NOTE FOR PROJECTS EXCEEDING $50,000: The bidder shall complete and submit his/her bid with the Form HUD-2530, “Previous Participation Certificate”. If the successful bidder does not submit the certificate with his/her bid, he/she must submit it within three (3) working days of bid opening. Failure to submit the certificate by that date may render the bid nonresponsive. No contract award will be made without a properly executed certificate.

4. Sealed Bid Selection Criteria

A firm fixed-price contract (lump sum or unit price) is awarded to the lowest responsible bidder whose bid, conforming with all material terms and conditions of the invitation for bids, is the lowest in price.

PART TWO  
SCOPE OF WORK

1. The Housing Authority of Kansas City, Missouri (HAKC) is seeking bids from qualified contractors for General Repairs and Replacements in accordance with the attached scope of work.

Work must be completed within 45 days from the date of the Notice to Proceed.

Contractor shall be assessed Liquidated Damages of $100.00 for each workday in excess of this allotted time for completion. Exceptions may be granted for delays caused by Owner or modifications to the Scope of Work.

This is a time sensitive project with an expected start date to occur as soon as possible.
2. **TAXES**

HAKC is a sales tax-exempt entity. Copies of the sales tax exemption information will be provided to the successful bidder on request. The contractor shall not include in the bid amount, any taxes chargeable against the performance of the work.

3. **PERMITS**

Before starting work, the contractor shall obtain and pay for all necessary permits and licenses whether issued by the State, county, or City, and furnish proof of insurance as required, for all work under these specifications. The contractor shall be held responsible for all violations for any cause in connection with the work.

4. **CHARACTER OF WORKMEN AND WORK**

At all times, the contractor shall be responsible for the conduct and discipline of his employees and/or any subcontractor or persons employed by subcontractors. All workers must have sufficient knowledge, skill and experience to perform the work assigned to them properly.

5. **ASSIGNMENT OF THE CONTRACT**

The contractor shall not enter into any sub-contracts’ or assign, transfer, convey or otherwise dispose of the ensuing contract, or any and all of its rights, title or interest, or its power to execute such contract to any person, company, or corporation without the written consent of HAKC.

6. **PROVISIONS FOR CHANGES OR AMENDMENTS.**

If at any time HAKC desires to expand, alter, or terminate a portion of the scope of work, as defined herein, the contract will be amended to reflect these changes at costs/deductions acceptable to both parties. HAKC shall provide prior written notice to the contractor for any changes to the scope of work. The contractor shall not hold the Authority responsible for termination due to no fault of HAKC.

As it relates to the foregoing paragraph, all directions to the contractor, and all changes or amendments to the project, between the contractor and the HAKC must come through the Project Manager, Stacy Landis, 816-602-9931 The HAKC will not be responsible for payment for any change(s) not authorized in advance, by the Project Manager.
7. **SECTION 3 REQUIREMENTS**

Section 3 of the Housing and Urban Development Act of 1968, as amended, requires, to the greatest extent feasible, opportunities for job training and employment be given to lower income residents of the federally funded area, and contracts for work in connection with the Section 3 covered project be awarded to business concerns which are located in, or owned in substantial part by persons residing in the Section 3 area. Section 3 requires that a recipient/contractor take affirmative steps to give preference to qualified Section 3 area residents and business concerns in providing training, employment and contracting in connection with Section 3 covered projects. As a recipient of HUD funding, HAKC maintains an aggressive Section 3 policy, which emphasizes employment of public housing residents, or other low-income residents on contracts let by the Authority and that affirmative efforts be taken to contract with Section 3 business concerns, which includes resident-owned businesses.

HAKC believes that Section 3 is an effective tool for advancing economic development and self-sufficiency opportunities for public housing residents. HAKC requires the contractor to emphasize resident hiring for new positions required because of this contract. See “Section 3 Program” attachment for additional information on compliance with Section 3 requirement.

8. **INSURANCE, BONDING AND HOLD HARMLESS AGREEMENT**

The contractor must carry insurance with respect to property and operations as set forth below. If applicable, Fidelity Bond requirements may be set prior to contract execution.

**Liability/Bodily Injury**

General:

a) Three million dollars ($3,000,000) for all claims arising out of a single occurrence;
b) Five hundred thousand dollars ($500,000) for any person in a single accident or occurrence;  
   *Property Damage*
c) Five hundred thousand dollars ($500,000) for each occurrence.

Auto:

d) Five hundred thousand dollars ($500,000) each person  
e) Five hundred thousand dollars ($500,000) each occurrence  
   *Property Damage*
f) Five hundred thousand dollars ($500,000) for each occurrence  
   *Worker's Compensation*
g) Policy shall contain limits > the policy limits required by state or federal law, and not less than: Five hundred thousand dollars ($500,000) per accident. In addition, the contractor agrees that it will indemnify and hold HAKC harmless for any acts, including acts of negligence, on the part of the contractor's agents or employees and from any and all claims on or about the premises resulting from the acts, including acts of negligence, of the contractor, its employees, or agents. The contractor shall investigate and furnish HAKC with full reports on all accidents, claims
and potential claims for damages relating to the services provided under this contract, and will cooperate fully with HAKC and its’ agents in connection with all claims.

**A bid submission of $50,000.00 or higher must be accompanied by a negotiable bid guarantee of 5% of the amount of the bid.**

As a “public entity” seeking to enter into a written contract with a “Contractor” for a public works project as those terms are defined in Section 107.170 RSMo., estimated to meet or exceed the sum of fifty thousand ($50,000) dollars, the HAKC must require the Contractor to furnish to HAKC a payment bond with good and sufficient sureties in the amount of one hundred percent (100%) of the total cost of the contract and such bond, among other conditions, shall be conditioned for the payment of any and all materials, incorporated, consumed, or used in connection with the construction of such work, and all insurance premiums, both for compensation, and for all other kinds of insurance, said work, and for all labor performed in such work whether by subcontractor or otherwise. As an additional condition of the contract the Contractor shall also furnish to HAKC a performance bond with good and sufficient sureties in the amount of one hundred percent (100%) of the total cost of the contract whereby said surety shall, among other things, insure for the completion of all work that is the subject of the contract. All bonds executed and furnished pursuant to this contract shall be deemed to contain the requirements and conditions set out within Section 107.170 RSMo., regardless of whether the same be set forth in said bond, or of any terms or provisions of the said bond to the contrary notwithstanding.

9. **PAYMENT**

In order for payment to be processed, the contractor must:

a) Certify that no additional staff was hired in order to complete this project. This will be verified by submission of the payroll sheets (if Davis Bacon applies).

b) If additional staff is to be hired, contractor must advertise in the newspaper of record for the area, and demonstrate that additional contacts were made to locate qualified Section 3 residents. Sources for locating Section 3 residents include the individual development where the work is to be performed; other HAKC developments; HAKC’s Department of Resident Services; the City of Kansas City, Missouri; etc. If additional staff were hired, contractor must show proof that 30% of those hired (one individual hired for each three positions filled) are Section 3 residents in accordance with current median income data. This information can be found at the following website: [www.factfinder.census.gov/home/saff/main.html](http://www.factfinder.census.gov/home/saff/main.html)

c) If no qualified Section 3 residents are available, the contractor must show proof of attempts to locate and hire Section 3 residents.

d) If additional staff are hired for this project, one-third (1/3) of the available hours for the “new” positions must be worked by the Section 3 resident.

e) For additional information, contractors may refer to 24, CFR, Sec 135.38.
f) Contractor shall certify that all employees of the contractor are United States citizens or have work visas to work in the United States. Copies of the work visas shall be submitted with the first payroll sheets submitted to Contracts requesting payment.

The contractor shall invoice per the firm, fixed prices indicated on the Bid Form. The firm, fixed prices shall be legally binding for the entire term of the contract. The Project Manager must approve all invoices prior to payment. When providing services, contractor must obtain the signature of the Property Manager or their designee, on the work order or receipt, to verify the service/work provided is complete, satisfactory and in accordance with the scope of work. Without this signature, payment cannot be processed. Invoices/Payment Certification Packets for contracts over $2,000.00 which require Davis-Bacon wages, must have “Payroll Form WH-347” attached.

In addition, HAKC will not process any invoice(s) for payment until the required certified payrolls, citizenship status, Section 3 certifications, and all other evidentiary documentation is received.

The contractor shall submit all requests for payment under this contract to:

Stacy Landis, Project Manager
920 MainStreet, Suite 701
Kansas City, MO 64105

RESIDENTIAL CONSTRUCTION PROJECTS (consisting of single family homes and apartments up to and including 4 stories).

Note: Under Executive Order (EO) 13658, an hourly minimum wage of $10.80 for calendar year 2020 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least $10.80 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2020. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.1(a)(2)-(60). Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 55 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (e) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1,
2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

* an existing published wage determination
* a survey underlying a wage determination
* a Wage and Hour Division letter setting forth a position on a wage determination matter
* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.)

https://beta.sam.gov/wage-determination/MO20200063/6?index=wd&keywords=&is_activ... 8/31/2020
and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

Article 2 Contractor's Responsibility for Work

2.1 GENERAL RESPONSIBILITIES

2.1 a. Compliance & Business Judgment: The Contractor shall perform all Work in compliance with this Agreement. The Contractor shall exercise sound business judgment and use its best skill and attention when performing the Work.
2.1b. **Supervision & Coordination:** The Contractor shall supervise, coordinate and direct the Work. The Contractor shall be solely responsible for and have control over construction means, methods, techniques, sequences and procedures, and for coordinating all portions of the Work under the Agreement, unless expressly stated otherwise in this Agreement.

2.1c. **Contracting Officer:** The Contractor shall not be relieved of its obligations to perform the Work in accordance with this Agreement by performance of the duties of Contracting Officer or any duly authorized representative of HAKC (i.e. the Project Manager), or by tests, inspections, approvals or certifications required or performed by persons other than the Contractor. The Contracting Officer may delegate its authority and obligations. The Contractor shall submit to the Contracting Officer such documentation as requested by the Contracting Officer to assist in the administration of construction.

2.2 **EMPLOYEES / SUBCONTRACTORS**

The Contractor shall be responsible for the conduct and discipline of its employees and Subcontractors. All workmen shall have sufficient knowledge, skill, and experience to perform properly the Work assigned to them. Any workman, who does not perform his Work in a skillful manner, appears to be incompetent, or acts in a disorderly or intemperate manner, shall, at the request of the Project Manager, be removed from the work site by the Contractor or his Superintendent. Such removal is not cause for an extension of time in which to complete the Work.

2.3 **CONTRACTOR'S USE OF THE WORK SITE**

2.3a. **Project Manager's Instructions:** The Contractor shall limit its use of the Work Site in accordance with the written instructions of the Project Manager. When the Contractor is not performing Work in a particular area of the Work Site, the Contractor shall take reasonable measures, including the removal of equipment and materials, to permit use of such areas by HAKC, HAKC Residents and the public.

2.3b. **Roads, Entrances & Storage:** The Contractor shall not block public roads or entrances to the Work Site. The Contractor or Subcontractors shall not use the public roads and entrances to the Work Site for storage of materials or parking.

2.3c. **Material Storage:** The Contractor shall coordinate the Work and deliveries to minimize the amount of materials and equipment stored at the Work Site. The Contractor shall receive, store and handle products, materials and equipment in a manner, which will prevent loss, deterioration and damage.

2.4 **INDEMNIFICATION**

Contractor agrees to indemnify and hold harmless HAKC and HAKC’s directors, officers and employees against any and all claims, demands, losses and liabilities, including court costs and attorneys’ fees, arising out of any act or omission by or on behalf of Contractor or any Subcontractor.

2.5 **INDEPENDENT CONTRACTOR**

The Contractor is acting at all times as an independent contractor. Neither the conduct of the parties nor any provision of this Agreement shall create a master-servant relationship between HAKC and the Contractor.

**Article 6 Construction Progress Schedule, Progress Reports and Progress Meetings**

6.1 **PROGRESS SCHEDULE:**

6.1a. **Content of Schedule:** Contractor shall prepare a detailed construction progress schedule covering all aspects of the Work. The Progress Schedule shall:

   (1) Provide a detailed, graphic representation of activities and events that will occur during performance of the Work.

   (2) Identify each phase of construction and occupancy.

   (3) Identify dates that are critical in ensuring the timely and orderly completion of the Work in accordance with the Contract Documents,

   (4) Display the relationship of the Work to other activities, such as scheduled occupancy by HAKC or other contractors’ work,

   (5) Establish start dates and completion dates of distinct aspects of the Work;

   (6) Indicate the estimated percentage of completion of Work activities in ten percent (10%) increments,

   (7) Reflect the time required for procurement of manufactured or processed materials and equipment,
(8) Reflect time required for inspections and certifications; and,

(9) Additional information requested by the Contracting Officer or any duly authorized representative of HAKC.

6.1b. Submission & Approval of Schedule: The Contractor shall submit its proposed Progress Schedule to the Project Manager within ten (10) days after issuance of the Notice to Proceed. After receipt of the proposed Progress Schedule, the Project Manager shall either approve the schedule or notify the Contractor of required modifications. If modifications are required, the Contractor shall modify and resubmit the Progress Schedule, in a form satisfactory to the Project Manager, within seven (7) days after receiving notice of such modifications.

6.1c. Updating Schedule: The Contractor shall update the Progress Schedule every calendar month during which Work is performed. The Contractor shall update all aspects of the Progress Schedule, including: (1) the percentage of Work complete, (2) changes in actual or proposed activity durations, (3) projected future start and completion dates, (4) delays affecting the Work, (5) additional information requested by the duly authorized representative of HAKC. The Contractor shall submit updated versions of the CPM Progress Schedule with each Application for Payment.

6.1d. Schedule to Subcontractors: The Contractor shall submit copies of the Progress Schedule and all revisions thereto, to all Subcontractors.

6.1e. Compliance with Schedule: The Contractor shall perform the Work in compliance with the original version of the Progress Schedule (i.e., the first version of the Progress Schedule approved by the Project Manager). The Contractor shall monitor the Work's progress and notify the Project Manager in writing of any deviations from the original version of the Progress Schedule. If the Project Manager determines the Work has not reached the level of completion required by the original version of the Progress Schedule, the Project Manager may require the Contractor to take corrective measures necessary to expedite the progress of the Work, including, without limitation: (1) working additional shifts or overtime; and, (2) supplying additional manpower, equipment, and facilities (hereinafter referred to collectively as "Extraordinary Measures"). The rights of the Project Manager to require Extraordinary Measures are solely for the purpose of ensuring the Contractor's compliance with this Agreement. The Contractor shall not receive an adjustment to the Contract Price in connection with Extraordinary Measures required pursuant to this Article.

6.2 DELETION

Clause 6(a) of the General Conditions shall be deleted entirely.

6.3 PROGRESS REPORTS:

6.3a. Preparation & Submission: The Contractor shall prepare and maintain a weekly record of construction progress activities ("Weekly Progress Reports"). The Contractor shall deliver weekly Progress Reports to the Project Manager once per week, during every week in which Work is performed.

6.3b. Form & Handwriting: The weekly Progress Reports shall be prepared on a standard form, acceptable to the Project Manager, and shall contain legible handwriting. If the Project Manager determines that handwriting on a weekly Progress Report is not legible, the Project Manager may require the Contractor to type subsequent weekly Progress Reports.

6.3c. Contents: The Contractor shall indicate the following on weekly Progress Reports:

(1) Subcontractors at the Work Site;
(2) Approximate number of personnel at the Work Site;
(3) Work stoppages and delays, and the causes of such events;
(4) Accidents and unusual events;
(5) Inspections and tests performed, or expected to be performed within the next week;
(6) General weather conditions,
(7) Additional information requested by the Project Manager or other duly authorized representative of HAKC.

6.4 PROGRESS MEETINGS

6.4a. Time & Attendance: HAKC may schedule Progress Meetings during every calendar month during which Work is performed. The Contractor shall attend such Progress Meetings. The Contract shall require its Subcontractors to attend such meetings at HAKC's request.

Article 7 Site Investigation and Conditions Affecting the Work

7.1 GRADES & DIMENSIONS

The exactness of grades, elevations, dimensions, or locations given on any Specification or Drawing issued by the Project Manager, or work installed by other contractors, is not guaranteed by the HAKC. The Contractor shall satisfy itself as to the accuracy of all grades, elevations, dimensions and locations. In all cases of interconnection of the Contractor's Work with existing or other work, the Contractor shall verify all dimensions relating to such existing or other work.
7.2 FIELD MEASUREMENTS

The Contractor shall take field measurements and verify field conditions and shall carefully compare such field measurements and conditions with the Specifications and Drawings before commencing construction activities.

Article 12 Permits and Codes

12.1 OCCUPATIONAL LICENSES: Before issuance of the Notice to Proceed, the Contractor shall submit evidence to the Contracting Officer or other duly authorized representative of HAKC of the Contractor's current Kansas City, Missouri, Occupational License to do business in Kansas City, Missouri. Before submitting its first Application for Payment, the Contractor shall ensure that all Subcontractors possess current Kansas City, Missouri, Occupational Licenses to do business in Kansas City, Missouri.

12.2 APPLICABLE LAWS/REGULATIONS

The Contractor shall comply with all applicable laws, ordinances, codes, rules and regulations, including, but not limited to: (A) Sections 103 and 137 of the Contract Work Hours and Safety Standards Act, 40 U.S.C. 327, et. Seq. (as supplemented by 29 CFR 5); (B) Anti-Kickback Act, 18 U.S.C. 874, et seq. (as supplemented by 29 CFR 3); (C) Conduct and Qualifications regulations found at 24 CFR 85; and, (D) Chapter 290, Wages, Hours and Dismissal Rights, of the Revised Statutes of Missouri, to the extent that such Chapter is not preempted by federal law. The Contractor shall satisfy and comply with applicable HAKC and HUD requirements, regulations and policies.

12.3 INDEMNIFICATION

The Contractor shall indemnify HAKC for any expense, including court costs and attorneys' fees, incurred by HAKC as a result of the Contractor's, or any Subcontractor's, violation of any law, ordinance, code, rule or regulation.

Article 13 Health, Safety, and Accident Prevention

13.1 BARRICADES & FENCING

The Contractor is responsible for providing adequate barricades or fencing at the Work Site and limiting ingress and egress so as to provide adequate warning to, and prevent injury of, third parties.

13.2 THEFT, VANDALISM & PHYSICAL HARM

The Contractor shall take appropriate measures to ensure the security of the Work Site. Such security measures shall protect against theft, vandalism and destruction of the Work, equipment, materials and personal property on the Work site. The Contractor shall take reasonable security measures to protect the Contractor's employees, Subcontractors' employees and all other individuals present on the Work Site from assault, battery and other physical harm.

13.3 SAFETY PROGRAM

Before commencing construction, the Contractor shall appoint a safety representative on site. The Contractor shall comply with the American Standard Safety Code. The Contractor shall have on site at all times a binder containing Material Safety Data Sheets. The Contractor shall post an outline of the safety program and the name of the safety representative at the Work Site. The Contractor shall implement its safety program throughout the performance of the Work. HAKC and the Project Manager shall not be responsible for implementation of safety measures.

13.4 LOCAL SAFETY REQUIREMENTS

The Contractor shall provide any and all measures of protection required by the City of Kansas City, Missouri, for the protection of the public and employees during excavation operations and performance of the Work. Such safety measures shall include, but shall not be limited to, protection of sidewalks, and placement of barricades, warning lights and signs.

Article 14 Temporary Heating

14.1 PERMANENT EQUIPMENT

Before operating permanent equipment for temporary heating purposes, the Contractor shall verify that such equipment is properly installed, lubricated and equipped with filters. The Contractor shall provide and pay for operation, maintenance, and regular replacement of filters and worn or consumed parts of such equipment. The Contractor shall replace all filters before transferring possession of permanent heating equipment to HAKC.

Article 15 Availability and Use of Utility Services

15.1 UTILITY ACTIVATION & DEACTIVATION

Before beginning the Work, Contractor shall ensure that appropriate utilities have been deactivated. The Contractor shall be solely responsible for the activation and deactivation of utilities on the Work Site. Contractor shall indemnify HAKC for any and all liability incurred by HAKC, including attorneys' fees, resulting from the Contractor's failure to properly activate or deactivate utilities.
15.2 *UTILITY EASEMENTS*

The Contractor shall obtain easements necessary for the acquisition of temporary utilities, if HAKC does not own easements that can be used for that purpose.

15.3 *UTILITY INSPECTIONS & PERMITS*

The Contractor shall obtain appropriate Inspections, Tests, permits and certifications of appropriate public authorities before activating any temporary utility.

**Article 16 Protection of Existing Vegetation, Structures, Equipment, Utilities and Improvements**

16.1 *NOTICE OF UTILITY DEACTIVATION*

Contractor shall obtain approval of the Project Manager and the Project Manager forty-eight (48) hours before deactivating any utilities in occupied or existing facilities.

**Article 18 Clean Air and Water**

18.1. *AIRBORNE DIRT*: If requested by the Project Manager, the Contractor shall take necessary measures to limit the amount of airborne dirt and dust.

**Article 20 Inspection and Acceptance of Construction**

20.1 *INSPECTION & TEST ASSISTANCE*

The Contractor shall cooperate with all individuals performing Inspections or Tests, and shall provide access to the Work. The Contractor shall: (1) furnish incidental labor and facilities to facilitate such Inspections or Tests; (2) obtain quantities of materials to be tested; (3) provide facilities for storage and curing of test samples; (4) deliver samples to testing laboratories; (5) provide security and protection of samples and test equipment at the Work Site; and, (6) provide other services reasonably related to the performance of Inspections and Tests.

20.2 *INSPECTION & TEST COORDINATION*

The Contractor shall coordinate the Work with Inspections and Tests to avoid delays in the Work and prevent disassembly or uncovering of completed Work.

20.3 *LIST OF NONCONFORMING WORK*

When the Contractor believes that all Work is complete, the Contractor shall conduct a thorough inspection of the Work to identify and prepare a written list of all unfinished Work and all Work that otherwise fails to comply with the Specifications, Drawings or any aspect of this Agreement ("List of Unfinished and Nonconforming Work"). The Contractor shall submit its list of Unfinished and Nonconforming Work to the Project Manager and any Subcontractors that may be required to perform or correct such Work.

20.4 *SUBSTANTIAL COMPLETION APPLICATION*

After completion and correction of all Work identified on the List of Unfinished and Nonconforming Work, the Contractor shall submit to the Project Manager a written Application for Certification of Substantial Completion, containing a notarized statement that: (1) the governing codes, administration authorities have approved each building; and, (2) the Contractor has obtained certificates of occupancy for each building from appropriate public agencies.

20.5 *SUBSTANTIAL COMPLETION CERTIFICATION*

Within ten (10) days after receiving the Contractor's Application for Certification of Substantial Completion, the Project Manager shall review the Work and identify any remaining unfinished or nonconforming Work. If the Project Manager agrees that the Work is Substantially Complete, HAKC shall issue a Certificate of Substantial Completion, along with a punch list that describes any remaining unfinished or nonconforming Work. If the Project Manager determines that the Work is not Substantially Complete, the Contractor shall repair unfinished or nonconforming Work, and submit another Application for Certification of Substantial Completion. The Contractor shall pay all costs associated with the Contractor's second, and subsequent, Applications for Certification of Substantial Completion.

20.6 *PARTIAL SUBSTANTIAL COMPLETION:*

The Project Manager may, in his sole discretion, certify less than all of the Work as Substantially Complete. The Project Manager may require the Contractor to prepare and submit a List of Unfinished and Nonconforming Work for any designated portion of the Work. When the Contractor has performed all of the Work identified on such list, the Contractor shall submit to the Project Manager an Application for Certification of Substantial Completion for the designated portion of the Work, containing a notarized statement that: (1) the governing codes, administration authorities have approved each building for the designated portion of the Work; and, (2) the Contractor has obtained certificates of occupancy for each building on the designated portion of the Work. If the Project Manager agrees that
the designated portion of the Work is complete, they may issue a Certificate of Substantial Completion that identifies the substantially completed portion of the Work. A Certificate of Final Completion shall not be issued for less than all of the Work.

20.7 FINAL COMPLETION APPLICATION

After performing all Work required by the punch list, the Contractor shall submit to the Project Manager a written Application for Certificate of Final Completion, that includes a notarized statement that: (1) the Contractor has completed all Work in compliance with the Specifications, Drawings and this Agreement; and, (2) the Work is free from violations of federal, state and local environmental laws, regulations and ordinances and (3) all Work has met Industry Standards.

20.8 FINAL COMPLETION CERTIFICATION

Within ten (10) days after receiving the Contractor's Application for Certificate of Final Completion, the Project Manager shall review the Work and identify any remaining unfinished or nonconforming Work. If the Project Manager agrees that all Work is complete and complies with the Specifications, Drawings and this Agreement, HAKC shall issue a Certificate of Final Completion. If the Project Manager determines that any Work is incomplete or fails to comply with the Specifications, Drawings or this Agreement, the Contractor's Application for Certification of Final Acceptance shall be denied, and the Contractor shall complete or correct the Work and submit another Application for Certification of Final Completion. The Contractor shall pay all costs associated with the Contractor's second, and subsequent, Applications for Certification of Final Completion.

20.9 EFFECT OF CERTIFICATES:

The issuance of a Certificate of Substantial Completion or a Certificate of Final Completion shall not release the Contractor from liability for defective Work or Work that fails to comply with the Specifications or Drawings to the extent that such defect or nonconformity is not readily evident from visual of the Work Site.

20.10 DELETION

Sub clause 20(j) of the General Conditions shall be deleted entirely.

Article 2 Use and Possession Prior to Completion

21.1 COORDINATION & OCCUPANCY CERTIFICATION

HAKC may use and possess the Work Site and completed and partially completed portions of the Work. The Contractor shall coordinate the Work to facilitate HAKC's use and possession of the Work Site and completed or partially completed portions of the Work. The Contractor shall obtain certificates of occupancy from the appropriate authorities before HAKC or HAKC Residents occupy the Work.

21.2 NOTICE OF DELAY

The Contractor immediately shall provide written notice to the Project Manager if the Contractor believes that HAKC's use or possession of the Work Site or the Work will delay or hinder, or has delayed or hindered, performance of the Work. The Contractor shall waive its rights to damages, an extension of time or other relief for such delay or hindrance, if the Contractor fails to submit such written notice within seven (7) days after commencement of the delay or hindrance.

Article 23 Warranty of Construction

23.1 WARRANTY OBLIGATIONS

The Contractor shall restore or remove-and-replace warranted Work to its originally specified condition, during the warranty period if the Work does not comply with or fulfill terms of warranty. The Contractor shall restore or remove-and-replace other Work which has been damaged by failure of warranted Work, or which must be removed and replaced to gain access to warranted Work. The Contractor shall pay the cost of restoration or removal-and-replacement without regard to whether HAKC has already benefited from use of failing Work.

23.2 HAKC'S RECOUSE

The Contractor's warranties and warranty periods shall not diminish implied warranties, and shall not deprive HAKC of actions, rights or remedies otherwise available as a result of Contractor's failure to fulfill requirements of this Agreement. HAKC reserves the right to reject coincidental product warranties considered to be conflicting with or detracting from requirements of this Agreement.

Article 24 Prohibition against Liens

24.1 PARTIAL LIEN WAIVERS

The Contractor shall attach to every Application for Payment, a notarized Partial Lien Waiver that completely disclaims and waives the Contractors' right to file or maintain a lien against HAKC's property, to the extent of payments previously made to the Contractor. The Contractor shall fully pay, in a timely manner, all Subcontractors, and all agents, persons or entities claiming by or through such Subcontractors.
The Contractor shall obtain and attach to every Application for Payment, a notarized Partial Lien Waiver from every Subcontractor that disclaims and waives the Subcontractor's right to file or maintain a lien against any HAKC property, to the extent of payments previously made to such Subcontractor.

24.2 **FINAL LIEN WAIVER & RELEASE**

The Contractor shall attach to its Application for Final Payment a notarized Final Lien Waiver and Release that completely disclaims and waives the Contractor's right to file or maintain any lien against HAKC's property. The Contractor shall obtain and attach to its Application for Final Payment a notarized Final Lien Waiver and Release from every Subcontractor that completely disclaims and waives the Subcontractor's right to file or maintain a lien against HAKC's property. Both Contractor and HAKC agree and understand that said Final Lien Waiver & Release shall be effective upon Contractor's receipt of the final payment from HAKC.

24.3 **BOND IN LIEU OF LIEN WAIVER**

If any Subcontractor fails or refuses to furnish a valid or complete Lien Waiver, or Final Lien Waiver and Release, the contractor shall furnish a bond satisfactory to HAKC to indemnify HAKC against any claim by lien or otherwise.

24.4 **UNSATISFIED LIENS & CLAIMS**

If any lien or claim remains unsatisfied after Final Payment, the Contractor shall refund to HAKC all monies necessary to discharge such lien or claim, and shall compensate HAKC for all costs, reasonable attorney's fees, and other damages relating to the lien or claim.

**Article 25 Contract Period/Schedule for Performance**

The Contractor agrees and acknowledges that time is of the essence in the performance of this Agreement. The Work shall be performed and completed within the Contract Time and according to the schedule contemplated in this Article 25.

25.2 **SCHEDULE**

The Contractor agrees and acknowledges that all of the Work shall be completed within _________ from the date the HAKC provides the Contractor with the Notice to Proceed. Specifically, in order to establish the completion of the Work the Contractor agrees that it will provide to the HAKC certificate(s) of substantial completion within from the date of the Notice to Proceed. Contractor further agrees that said certificate(s) must be satisfactory to the HAKC before the certificate(s) of substantial completion can be used to establish that the performance of the work was accomplished within the Contract time frame.

25.3 **ACCESS TO SITE/COMMITMENT TO SCHEDULE**

HAKC promises to give the Contractor access to the entire construction Work Site on the date that HAKC provides the Contractor with the Notice to Proceed. Contractor agrees that it has reviewed the specifications, drawings and any and all other documents, records, and materials that are necessary in order to make its promise that it can perform and complete all of the Work within _________ from the date of the Notice to Proceed.

25.4 **DELETION**

Clause 25 of the General Conditions shall be deleted entirely.

**Article 27 Payments**

27.1 **CONTRACT PRICE & TAXES**

HAKC agrees to pay, and the Contractor agrees to accept as payment, for the performance of this Agreement, the sum of: ________________ ($__________). The Contractor shall pay all taxes and contributions measured by wages, which may be applicable to this Agreement. Personal property and materials purchased for the purpose of constructing the Work is exempt from sales tax. The HAKC shall furnish to the Contractor a tax exemption certificate authorizing the purchase of personal property and materials for the construction, repair and remodeling of the Work. The Contractor shall furnish such certificate to all Subcontractors. When the Contractor and/or any Subcontractor purchases personal property or materials, the Contractor and/or Subcontractors shall present the tax exemption certificate to the materials supplier as authorization to purchase on behalf of HAKC all tangible personal property and materials to be consumed in or incorporated into the Work. The Contractor shall retain all invoices for all personal property and materials consumed in or incorporated into the Work for a period of five (5) years.

27.2 **PRICE BREAKDOWN:**

The Contractor shall submit a breakdown of the Contract Price ("Price Breakdown") in triplicate to the Contracting Officer, in accordance with Clause 27(c) of the General Conditions. The Price Breakdown shall be prepared on form HUD-51000, Schedule of Amounts for Contract Payments. The Price Breakdown shall
project costs of major aspects of the Work, and identify separately the dollar values of each Subcontract and contracts with Minority Businesses and Women's Business Enterprises. No payments shall be due until the Price Breakdown is submitted in a form satisfactory to the Project Manager.

27.3 SUBMISSION OF PAYMENT APPLICATION

Upon Contractor's completion of the Work and issuance of the Certificate of Substantial Completion, Contractor shall submit the Payment Application to the Project Manager for processing. The Application for Payment shall request payment for the labor and materials incorporated into the Work and materials suitably stored during the preceding calendar months, less the aggregate of previous payments and specified retainage.

27.4 FORM OF PAYMENT APPLICATIONS

The Contractor shall include the following items in every Application for Payment, in a form satisfactory to the Project Manager:

A. Cover Letter: The Contractor shall submit a cover letter that: (1) identifies the Project; (2) assigns a number to the Application for Payment; and, (3) contains a detailed list of enclosures.

B. Price Breakdown: The Contractor shall submit a copy of the Price Breakdown, prepared in accordance with Paragraph 27.2.

C. Periodic Estimate for Partial Payment: The Contractor shall complete and submit form HUD-51001, Periodic Estimate for Partial Payment.

D. Change Order Documentation: The Contractor shall complete and submit form HUD-51002, Schedule of Change Orders. The Contractor shall submit a copy of every Change Order issued by the Contracting Officer.

E. Stored Materials Documentation: If the Application for Payment requests payment for materials stored, but not yet incorporated into the Work, the Contractor shall: (1) complete and submit form HUD-51003, Schedule of Materials Stored; (2) complete and submit form HUD-51004, Summary of Materials Stored; and, (3) submit other documentation required by Clause 27(g) of the General Conditions. Such documentation of stored materials shall identify: (1) the Contractor or Subcontractor responsible for storing such materials; and, (2) the location where such materials are stored. Form HUD-51003 shall be signed by the employees of the Contractor that prepare and verify such form.

F. Statement of Compliance: The Contractor shall complete and submit Department of Labor form WH-348, Statement of Compliance. The Contractor shall also obtain and submit Department of Labor forms WH-348, prepared by each Subcontractor performing Work during the month for which payment is requested.

G. Payroll Documentation: The Contractor shall complete and submit Department of Labor form WH-347, Payroll.

H. Certificate Regarding Payment: The Contractor shall complete and submit the certification regarding payment, required by Clause 27(e) of the General Conditions.

I. Construction Progress Schedule: The Contractor shall update and submit its Schedule, as required by Article 6, within one week preceding the submission of its Application for Payment.

K. Partial Lien Waivers: Contractor shall execute and submit Partial Lien Waivers applicable to the Contractor and every Subcontractor as required by Article 24. The Contractor shall also submit all previously executed Partial Lien Waivers.

L. Other Documents: In addition to the above, the Contractor shall submit other documentation, if any, required by this Agreement.

27.5 PAYMENT CERTIFICATE

After receiving the Contractor's Application for Payment, the Project Manager shall either issue to the Contracting Officer a Certificate for Payment for such amount as the Project Manager determines is properly due, or notify the Contracting Officer of its reasons for rejecting the Application for Payment, in whole or in part. The Project Manager shall return the Application for Payment to the Contractor within seven (7) days after receiving such application, and shall specify the reason(s) for returning the application, if the Project Manager determines: (1) the Application for Payment lacks adequate substantiating data; or, (2) the form of the Application for Payment is unsatisfactory.

27.6 PAYMENT

Within thirty (30) days after the Project Manager receives the Contractor's Application for Payment, the Contracting Officer shall either pay the Contractor the amount certified by the Project Manager or notify the Contractor of its reasons for withholding payment, in whole or in part.
27.7 REJECTION OF PAYMENT APPLICATION

The Project Manager or the Contracting Officer may reject an Application for Payment (including an Application for Final Payment) or withhold payment, in whole or in part, to the extent reasonably necessary to protect the interests of HAKC. Applications for Payment (including an Application for Final Payment) may be rejected and payment may be withheld from the Contractor for reasons including, but not limited to, the following: (1) citation by a public agency or authority for acts of the Contractor or any Subcontractor which violate any federal, state or local law, regulation or ordinance; (2) liquidated damages; (3) unsatisfactory progress; (4) defective Work not remedied; (5) disputed Work; (6) failure to strictly comply with any provision of this Agreement; (7) third party claims filed, or reasonable evidence that such claim will be filed, as a result of the Work or the Contractor’s conduct; (8) failure to make timely payment for labor, equipment or materials; (9) reasonable evidence that a Subcontractor cannot be fully compensated under its contract with the Contractor for the unpaid balance of the Contract Price; and, (10) damage to another contractor, Subcontractor.

27.8 EFFECT OF PAYMENT

The issuance of a Certificate for Payment and the making of payment to the Contractor shall not represent that the Project Manager or Contracting Officer has: (1) made exhaustive or continuous on-site inspections to check the quantity of the Work; (2) reviewed the Contractor’s means, methods, techniques, sequences or procedures; (3) reviewed copies of requisitions received form Subcontractors to substantiate the Contractor’s right to payment; or (4) attempted to ascertain how or for what purpose the Contractor has used money previously paid on account of the Contract Price. The issuance of a Certificate for Payment and the making of payments under this Agreement shall not be evidence of the satisfactory performance of the Work, in whole or part. The issuance of a Certificate for Payment and the making of payments shall not be construed as an acceptance of defective Work or improper materials.

27.9 ERRONEOUS PAYMENT APPLICATION

If the Contractor, after submitting an Application for Payment or an Application for Final Payment, discovers that a portion or all of such application requested payment for Work that fails to conform to the Specifications, Drawings, or this Agreement, then the Contractor shall: (1) notify the Contracting Officer of such performance deficiency; and (2) pay HAKC interest on the value of the nonconformity (computed in the manner provided in 5 U.S.C. § 3909(c)) from the date of the Contractor’s receipt of payment for the deficient Work until: (A) the date the Contractor notifies the Contracting Officer that the nonconformity has been corrected; or (B) the date that the Contractor reduces the amount of any subsequent Application for Payment by an amount equal to the value of the nonconformity.

27.10 RETAINAGE

The Contracting Officer shall retain no more than ten percent (10%) of each payment to the Contractor. Within thirty (30) days after Certification of Substantial Completion and upon receipt of Contractor’s invoice, HAKC shall pay the retainage to the Contractor, less two times (2X) the dollar value of any unfinished or nonconforming Work, and less the dollar value of any claims asserted by HAKC and other deductions authorized by this Agreement or permitted by law.

27.11 FINAL PAYMENT APPLICATION

The Contractor shall submit an Application for Final Payment to the Project Manager after issuance of the Certificate of Final Completion. In addition to the items required in every Application for Payment, the Application for Final Payment shall include the following:

A. Certificate of Completion-Consolidated: The Contractor shall submit a Certificate of Completion-Consolidated, on HAKC’s current form.

B. Warranties & Manuals: The Contractor shall submit all written warranties, guarantees, maintenance agreements, workmanship bonds and manuals relating to the Work or components thereof.

C. Release of Claims: The Contractor shall submit a release of all claims against HAKC arising by virtue of this Agreement, other than claims, in stated amounts, that the Contractor has specifically accepted from the release. If any claims are accepted from the release, the Contractor shall clearly define the basis and scope of each individual claim. The Contractor shall not request payment for accepted claims in its Application for Final Payment.

D. Final Lien Waiver & Release: The Contractor shall execute and submit a Final Lien Waiver and Release. The Contractor also shall obtain and submit a Final Lien Waiver and Release from every Subcontractor.

E. Wages, Hours & Dismissal Rights Affidavit: The Contractor shall submit an affidavit stating that it has fully complied with the provisions and requirements of Chapter 290, Wages, Hours Dismissal Rights, of Missouri’s Revised Statutes. The Contractor shall submit similar affidavits that it has obtained from each Subcontractor, after the Subcontractor has completed its portion of the Work.
F. Stock & Parts: The Contractor shall submit evidence that extra stock and spare parts, tools, and keys required by this Agreement, if any, have been submitted to the Project Manager or placed in approved storage areas at the Work Site.

27.12 FINAL PAYMENT CERTIFICATE

After receiving the Contractor's Application for Final Payment, the Project Manager shall either issue to the Contracting Officer a Certificate for Final Payment for such amount as the Project Manager determines is properly due, or notify the Contracting Officer of its reasons for rejecting the Application for Final Payment, in whole or in part. The Project Manager shall return the Application for Final Payment to the Contractor within seven (7) days after receiving such application, and shall specify the reason(s) for returning the application, if the Project Manager determines: (1) the Application for Final Payment lacks adequate substantiating data; or, (2) the form of the Application for Final Payment is unsatisfactory.

27.13 FINAL PAYMENT

Within thirty (30) days after the Project Manager receives the Contractor's Application for Final Payment, the Contracting Officer shall either pay the Contractor the amount certified by the Project Manager or notify the Contractor of its reasons for withholding Final Payment, in whole or in part. The Contracting Officer shall not make Final Payment to the Contractor, unless or until the Contractor submits the affidavits required by RSMo. § 290.290, concerning compliance with Chapter 290, Wages, Hours, and Dismissal Rights, of Missouri's Revised Statutes.

27.14 DELETION

Sub clauses 27(b), 27(d), 27(f) and 27(i) of the General Conditions shall be deleted entirely.

Article 28 Contract Modifications

28.1 DELETION

Clause 28 of the General Conditions, including all Sub clauses of Clause 28, shall be deleted entirely.

Article 29 Changes

29.1 PERFORMANCE OF CHANGED WORK

The Contractor shall not perform Work-requiring reimbursement in addition to the Contract Price, or extensions of the Contract Time, without receiving a prior written Change Order issued by the Project Manager and signed by the Contracting Officer.

29.2 CHANGE ORDER APPLICATIONS

If the Contractor believes that any instruction, act or event justifies a change in the Contract Price, the Contract Time, or other provision of this Agreement, the Contractor shall submit to the Project Manager a written Application for a Change Order.

29.3 DELAYS:

29.3a Sources of Delay Claims: If the Contractor is delayed at any time while performing the Work by labor disputes, fire, extraordinary adverse weather conditions not reasonably anticipatable, unavoidable casualties, environmental hazards or any cause which the Contractor believes justifies an extension of time, the Contractor shall submit to the Project Manager an Application for a Change Order, seeking an extension of the Contract Time.

29.3b Critical Path Delays: In no event shall the Contract Time be extended as the result of a delay, unless work, which is critical to the Progress Schedule, has been delayed.

29.3c Weather Delays: If adverse weather conditions are the basis for the Contractor's Application for a Change Order, such application shall be documented by data substantiating that: (1) weather conditions were abnormally severe for month in which such conditions occurred, and could not have been reasonably foreseen; (2) such weather conditions delayed the scheduled construction; and, (3) the Contractor did not contribute to the delay in the construction. The Contractor shall not be awarded a Change Order due to adverse weather conditions if the Contractor fails to submit such documentation to the Project Manager.

29.4 CONTENT OF CHANGE ORDER APPLICATION

The Contractor's Application for a Change Order shall provide a detailed explanation of the change requested, including, but not limited to: (1) facts giving rise to such Application for a Change Order; (2) the identification, quantity, and cost of machinery, equipment and materials associated with the change; (3) a description of the types, hours and pay rates of laborers required by such change; (4) the amount of additional time required for performance of the change; (5) information and dates indicating whether, and to what extent, the change will delay the completion of the Work in its entirety; (6) transportation and delivery costs associated with the change; (7) costs of preparation and/or revision to specifications or Drawings resulting from the change; (8) any increase in insurance or bond premiums; (9) increases or decreases in the use or funding of Minority Businesses or Women's Business Enterprises; and, (10) such other information, if any, that may be required by the Project Manager or the Specifications.
29.5  ACTUAL COSTS

The Contractor's Application for a Change Order shall state the Contractor's actual cost of furnishing machinery, equipment, materials and labor, without including amounts for the Contractor's overhead or profit. If requested by the Project Manager, the Contractor shall submit satisfactory evidence that its Application for a Change Order does not include amounts for overhead or profit.

29.6  TIME FOR CHANGE ORDER APP.
Contractor shall assert its written Application for a Change Order to the Project Manager within seven (7) days after the occurrence of the act or event giving rise to such request. Failure by Contractor to submit its written Application for a Change Order within the preceding time shall constitute a waiver of the Contractor's rights, if any, to an adjustment of the Contract Price, the Contract Time or other provision of this Agreement.

29.7  CHANGE ORDER APPLICATION DECISIONS

Within thirty (30) days after receiving the Contractor's Application for a Change Order, the Contracting Officer shall grant or deny the Contractor's application, or notify the Contractor of the date when such action will be taken. If the Contracting Officer grants the Contractor's Application for a Change Order, in whole or in part, the Project Manager shall issue a written Change Order, as provided below. If the Contracting Officer denies the Contractor's Application for a Change Order, the Contractor may pursue its claim under Article 31, Disputes.

29.8  ISSUANCE OF CHANGE ORDERS

The Contracting Officer may, at any time, make changes to this Agreement, including but not limited to changes in: (1) the Scope of the Work; (2) the method of performing the Work; and (3) the rate of performance of the Work. Notwithstanding any provision to the contrary, this Agreement cannot be orally modified. All changes shall be made in a writing signed by the Contracting Officer and describing the change ("Change Order").

29.9  CONTENT OF CHANGE ORDERS

All Change Orders shall include: (a) a detailed description of the change in the Work, including a reference to applicable Specifications and Drawings; (b) the extent of the adjustment in the Contract Price, if any; and, (c) the extent of the adjustment in the Contract Time, if any.

29.10  OVERHEAD AND PROFIT

If a Change Order increases the Contract Price, the Contracting Officer may include amounts for overhead and profit in the dollar value of the Change Order. The Contracting Officer, in its sole discretion, shall determine the amount of overhead and profit in accordance with the Specifications.

29.11  PERFORMANCE OF CHANGES

The issuance of Change Orders shall not invalidate this Agreement. Unless expressly provided otherwise in writing, the Contractor shall perform all changed Work in compliance with the terms and conditions of this Agreement.

29.12  DELETION

Clause 29 of the General Conditions, including all Sub clauses of Clause 29, shall be deleted entirely.

Article 31 Disputes

31.1  CLAIMS DEFINED

The term "Claim" as used in this Article 31, means a demand or assertion by the Contractor seeking payment of money, the adjustment or interpretation of Agreement terms, or other relief arising under or relating to this Agreement. Applications for Change Orders pursuant to Article 29, Changes, and routine Applications for Payment shall not constitute Claims.

31.2  SUBMISSION OF CLAIMS

Within thirty (30) days after the Contractor knows, or should have known, the facts giving rise to a Claim, the Contractor shall submit its Claim(s) in writing to the Project Manager. The Contractor acknowledges that HAKC will be prejudiced if the Contractor fails to submit its Claim(s) in the time provided. Failure by the Contractor to assert a written Claim within the time provided shall constitute a waiver of such Claim and all rights associated therewith.

31.3  CONTINUED PERFORMANCE OF WORK

Contractor shall proceed diligently with the performance of the Work required under this Agreement pending final resolution of any Claim or legal action arising under this Agreement, and shall comply with any decision of the Contracting Officer.

31.4  CONTENT OF CLAIM

The Contractor's Claim shall provide a detailed description of the facts giving rise to such Claim and the nature and scope of the Contractor's demand. The Claim shall contain sufficient information to enable the
Contracting Officer to make an informed decision concerning the Claim.

31.5 DECISIONS REGARDING CLAIMS

Within sixty (60) days after receipt of a written Claim, the Contracting Officer shall render a decision concerning the Claim. The Contracting Officer shall issue a written decision to HAKC and the Contractor, by certified mail, return receipt requested. Failure of the Contracting Officer to issue a decision within the sixty (60) day period shall have the effect of a denial of the Contractor's Claim. The Contracting Officer's decision with respect to a Claim shall be final and binding on Contractor subject to the remedy available pursuant to Article 50.13 in this Agreement.

31.6 DELETION

Clause 31 of the General Conditions, including all Sub clauses of Clause 31, shall be deleted entirely.

Article 32 Default

32.1 HAKC'S RIGHT TO PERFORM WORK

If Contractor fails or neglects to perform the Work properly or strictly comply with any provision of this Agreement, HAKC may, without prejudice to any other right or remedy HAKC may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due the Contractor.

32.2 TERMINATION FOR CAUSE

32.2a. "Causes" for Termination: Any of the following conditions shall justify HAKC's termination of this Agreement "for cause": (1) the Contractor fails to prosecute the Work, or a separable part thereof, with the diligence that will insure its completion within the time specified in this Agreement; (2) the Contractor fails to complete the Work, or any separable part thereof, in the time specified in this Agreement; (3) the Contractor fails to make payment to a Subcontractor in accordance with the respective agreement between the Contractor and such Subcontractor; (4) the Contracting Officer determines that the Contractor has an Organizational Conflict of Interest; (5) the Contractor becomes subject to mandatory ineligibility to contract with HUD, under applicable laws and regulations; or, (6) the Contractor fails to strictly comply with this Agreement.

32.2b. Notice of Intent to Terminate for Cause: Upon occurrence of any of the conditions specified in the preceding paragraph, HAKC may give the Contractor written notice that: (1) specifies the condition constituting cause for termination; (2) provides a period of 10 days in which the Contractor may cure the condition; (3) informs the Contractor of HAKC's intent to terminate this Agreement if the Contractor fails to cure the condition during the ten (10) day period; (4) informs the Contractor of its contractual liabilities if this Agreement is terminated for cause; and, (5) requests the Contractor to show cause why this Agreement should not be terminated for cause.

32.2c. Notice of Termination for Cause: If the Contractor fails to cure the condition constituting cause for termination during the ten (10) day period, HAKC may terminate this Agreement for cause, by issuing a notice of termination to the Contractor.

32.2d. Effect of Termination for Cause: If this contract is terminated for cause, Contractor and its sureties shall be liable for any damage to HAKC resulting from Contractor's refusal or failure to perform the Work in compliance with this Agreement, including attorneys' fees, interest and any increased costs incurred by HAKC while completing the Work with replacement contractors.

32.2e. Unauthorized Termination for Cause: If, after termination for cause, it is determined that such Termination for Cause was not authorized by this Article, then the rights and obligations of the parties will be the same as if this Agreement had been terminated for convenience pursuant to Article 34.

32.3 DELETION

Clause 32 of the General Conditions, including all Sub clauses of Clause 32, shall be deleted entirely.

Article 33 Liquidated damages

33.1 AGREEMENT TO PAY LIQUIDATED DAMAGES

In the event that the Contractor has not substantially completed the work within the contract time, plus agreed to time extensions, if any, then the Contractor hereby specifically agrees to pay the Owner, or to have deduced from the Contract Sum, the daily liquidated damage amount of $ for each calendar day in excess of the allotted contract time (as set forth below and in Article 25) that the Work remains substantially incomplete after such date(s) stipulated for Substantial Completion. The Contract time for the completion of Work is ( ) days from the date established by the formal Notice to Proceed.

33.2 NO PENALTY - FAIR ESTIMATE OF HAKC'S DAMAGES

The Contractor agrees and acknowledges that Article 33, which provides for the imposition of liquidated damages, is enforceable. Contractor acknowledges and agrees that at the time of the execution of this Agreement the HAKC's damages for the Contractor's
late performance of the Work are incapable or very difficult of an accurate estimation. Furthermore, Contractor states that the liquidated damages set forth herein are a reasonable forecast of the just compensation for the harm that would be caused should Contractor fail to perform the Work within the Contract Time. Based on the foregoing Contractor specifically states that this liquidated damages clause is not a penalty.

33.2 RECOVERY OF LIQUIDATED DAMAGES

HAKC shall be entitled to recover liquidated damages from the Contractor immediately as those damages accrue. HAKC may recover liquidated damages from the Contractor and/or set-off liquidated damages from amounts then or thereafter due the Contractor. Notwithstanding the assessment of liquidated damages, the Contractor shall be liable to HAKC for damages caused other than by delayed performance.

33.4 DELETION

Clause 33 of the General Conditions, including all Sub clauses of Clause 33, shall be deleted entirely.

Article 34 Termination for Convenience

34.1 TERMINATION FOR CONVENIENCE DEFINED

The Contracting Officer may, at any time, terminate this Agreement, in whole or in part, for HAKC's convenience and without cause.

34.2 PROPOSAL OF AMOUNTS OWED

If this Agreement is terminated for convenience, the Contractor shall submit a proposal to the Contracting Officer stating the Contractor's claim for all amounts owed ("Proposal"). The Proposal shall be submitted within fourteen (14) days after the effective date of termination.

34.3 EFFECT OF TERMINATION, FOR CONVENIENCE

The Contracting Officer shall not be bound by the Proposal, but should consider the Proposal when determining the amount owed to the Contractor. The Contractor shall receive payment for the total value of the Work performed before termination for convenience, less the total amount of payments previously made to the Contractor and the amount of any claims that the HAKC asserts against the Contractor. If this Agreement is partially terminated for convenience, the Contracting Officer shall reduce the Contract Price in proportion to the percentage of work terminated.

34.4 TERMINATION GENERALLY:

34.4a. Notice of Termination: Termination of this contract shall be effected by delivery to the Contractor of written notice of termination, sent by certified mail, return receipt requested, specifying: (1) whether the termination is for cause or convenience; (2) the extent to which the performance of the Work is terminated; (3) the effective date of termination; and, (4) any special instructions. If the contract is partially terminated, the notice of termination shall identify specific items being terminated, and shall notify the Contractor of its obligation to proceed under the unterminated portion of the contract. If the contract is terminated for cause, the notice of termination additionally shall state: (1) the acts or omissions constituting cause for termination; (2) the Contracting Officer's determination that the Contractor's failure to perform is not excusable; and (3) HAKC's rights to charge excess costs of re-procurement and completion to the Contractor. Contractor shall deliver a copy of the notice of termination to its surety or sureties.

34.4b. Completion after Termination: Upon the termination of this Agreement, for cause or convenience, HAKC may take over the Work and complete it by whatever method HAKC may deem expedient, may accept assignment of Subcontracts pursuant to Article 37 of this Agreement, and may take possession of and use all materials, equipment, and plant on the Work Site. Upon termination, the Contractor shall follow the Contracting Officer's instructions regarding the transition of the responsibilities, including immediate delivery to the Contracting Officer of all files, papers and records related to the Contractor's performance of this Agreement.

34.4c. Disputes Regarding Termination: the provisions of Article 31, Disputes, shall govern Disputes relating in any way to termination.

34.5 DELETION:

Clause 34 of the General Conditions, including all Sub clauses of Clause 34, shall be deleted entirely.

Article 36 Insurance and Bonds

36.1 COST OF INSURANCE

The Contractor shall maintain all insurance required by this Agreement at the Contractor's own expense.

36.2 DIVISIONS OF CGL COVERAGE:

The Commercial General Liability ("CGL") insurance required by Clause 36 of the General Conditions shall include the following divisions of coverage: (1) Premises Operations; (2) Independent Contractors' Protective; (3) Products and Completed Operations; and, (4) Broad Form Property Damage. The Contractor shall maintain the Products and Completed Operations coverage for two (2) years following Final Payment.
The Broad Form Property Damage Coverage shall include Completed Operations. The CGL policy shall include coverage for property damage resulting from blasting, explosion, or collapse of buildings. The policy limits of the CGL policy shall apply to liability relating to this Agreement only.

36.3 CGL POLICY LIMITS

The CGL policy shall contain policy limits of not less than the following:

Liability/Bodily Injury:
$2,000,000.00 all claims for single occurrence.
$300,000.00 for any one person in a single occurrence

Property Damage:
$500,000 each occurrence: and,

Products and Completed Operations:
$500,000 each occurrence

36.4 CONTRACTUAL LIABILITY COVERAGE

The Contractor shall maintain Contractual Liability insurance, containing policy limits of not less than the following:

Bodily Injury:
$500,000 each occurrence: and,

Property Damage:
$500,000 each occurrence

36.5 AUTOMOBILE LIABILITY POLICY LIMITS

The Automobile Liability insurance required by Clause 36 of the General Conditions shall contain policy limits of not less than the following:

Bodily Injury:
$500,000 each person,
$500,000 each occurrence: and,

Property Damage:
$500,000 each occurrence

36.6 PERSONAL INJURY COVERAGE

The Contractor shall maintain Personal Injury insurance, with the employment exclusion deleted, containing policy limits of not less than:

$500,000 each occurrence

36.7 WORKER'S COMPENSATION COVERAGE

The Worker's Compensation insurance required by Clause 36 of the General Conditions, shall contain policy limits equal to, or greater than, the policy limits required by state or federal law, and not less than:

$500,000 per accident;
$100,000 disease, policy limit;
$100,000 disease, each employee

36.8 NAMED INSURED

HAKC shall be a named insured on all insurance policies required by this Agreement.

36.9 NON-WAIVER OF SOVEREIGN IMMUNITY

The HAKC is a public entity and political subdivision of the State of Missouri and is protected by the doctrine of sovereign immunity pursuant to Section 537.600 RSMo. The foregoing provisions requiring insurance coverage shall not be deemed a relinquishment or waiver of any kind of limitations of liability provided or available to HAKC under coverage for any liability or suit for damages which is barred by the doctrines of sovereign or governmental immunity by whatever name, as set forth in RSMo 537.600, et. Seq. This policy is not intended to act as a waiver, nor is it a waiver of any defense available to the insured by statute or at common-law.

Article 37 Subcontracts

37.1 APPROVAL OF SUBCONTRACTORS

The Contractor shall not engage Subcontractors without the prior written approval of HAKC. Regardless of HAKC's prior approval, the Contractor shall be responsible for all actions and/or inactions by said Subcontractors that relate in any way to this Agreement.

37.2 HAKC AND SUBCONTRACTORS

Nothing contained in this Agreement shall create any professional obligation or contractual relationship between HAKC and any Subcontractor, except that HAKC shall be an intended third-party beneficiary of all agreements between Contractor and such parties. Contractor shall include language in every Subcontract, which indicates that HAKC is an intended third-party beneficiary of such Subcontract.

37.3 ASSIGNMENT OF SUBCONTRACTS
The Contractor shall incorporate a clause in every Subcontract that authorizes assignment of such Subcontract from the Contractor to HAKC in the event that: (1) the Contractor is terminated pursuant to Articles 32 or 34 of this Agreement; and, (2) HAKC accepts assignment of such Subcontracts within ten (10) business days after the date of termination by notifying the Subcontractor in writing.

37.4 FLOW-DOWN OF OBLIGATIONS

By appropriate written agreement, the Contractor shall require each Subcontractor, to the extent of the Work performed by the Subcontractor, to be bound to the Contractor by the terms of this Agreement, and to assume toward the Contractor all obligations and responsibilities which the Contractor assumes toward HAKC. The Contractor shall incorporate into every Subcontract all obligations regarding Subcontractors contained in this Agreement. Each Subcontract shall preserve and protect the rights of HAKC under this Agreement with respect to the Work to be performed by the Subcontractor. The Contractor shall require each Subcontractor to enter into similar agreements with their Subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to execution of its Subcontract, copies of this Agreement to which the Subcontractor will be bound. The Contractor shall ensure that its Subcontractors make available this Agreement to their proposed Subcontractors.

37.5 SUBSTITUTION OF SUBCONTRACTORS:

The Contractor may substitute Subcontractors or modify agreements with Subcontractors only after obtaining written approval of the Contracting Officer. If such substitutions or changes would result in the Contractor failing to meet the employment standards or other requirements set forth in this Agreement, the Contractor shall submit a request for waiver of such requirements to the Contracting Officer.

37.6 PAYMENT OF SUBCONTRACTORS

The Contractor shall include clauses in each Subcontract that: (1) require the Contractor to pay the Subcontractor under its Subcontract, within seven (7) days after the Contractor receives payment under this Agreement for satisfactory Work performed, or materials or services supplied by the Subcontractor; (2) obligate the Contractor to pay to the Subcontractor an interest penalty on late payments, beginning on the day after payment is due and ending on the day payment is made (and computed at the rate specified in 5 U.S.C. § 3902(a)); and, (3) require the Contractor to include in each of its Subcontracts a provision requiring the Subcontractor to include a payment clause and an interest penalty clause conforming to the standards of (1) and (2) of this Paragraph, in each of the Subcontractor's Subcontracts, and a clause requiring each of the Subcontractor's Subcontractors to include such clauses in their Subcontracts with lower-tier Subcontractors.

37.7 RETAINAGE

Contractor shall not withhold retainage in excess of ten percent (10%) of a Subcontract's value.

37.8 WAGES & HOURS AFFIDAVIT

After each Subcontractor completes its portion of the Work, the Contractor shall obtain from the Subcontractor an affidavit stating that the Subcontractor has fully complied with the provisions and requirements of Chapter 290, Wages, Hours and Dismissal Rights, of Missouri's Revised Statutes.

Article 39 Equal Employment Opportunity

39.1 EMPLOYMENT PROGRAM

The Contractor shall implement a program ("Program") for training and employing HAKC Residents consistent with the instructions of the Contracting Officer and in compliance with the requirements set forth in the bid packet. The Contractor shall submit a detailed description of its proposed Program at the time of submitting its bid.

39.2 MINORITY AND WOMEN'S BUSINESSES

The Contractor shall refrain from any discriminatory employment practice and shall implement any affirmative action program(s) required by the contract documents, bid documents or applicable law. If the Contractor fails, refuses or neglects to comply with this paragraph, such action shall be deemed a total breach of this Agreement and this Agreement may be terminated, canceled or suspended, in whole or in part, and the Contractor may be declared ineligible for future contracts.

Article 47 Labor Standards: Davis-Bacon and Related Acts

47.1 COMPLIANCE AND INDEMNIFICATION

The Contractor shall follow and enforce all requirements of the Davis-Bacon Act. The Contractor shall pay not less than the applicable wage rates established by state or federal law to all employees performing the Work. The Contractor shall ensure that all Subcontractors also pay not less than the applicable wage rates. The Contractor shall assume exclusive liability for and defend, indemnify (including the
payment of attorneys' fees) and hold HAKC harmless from liability relating to wage withholdings or contributions. Prior to Final Payment the Contractor shall submit to the Contracting Officer an affidavit stating that the Contractor has fully complied with the Davis-Bacon Act.

**Article 50 Miscellaneous**

**50.1 CONFLICTS OF INTEREST**

50.1a. **OCI Defined:** An Organizational Conflict of Interest ("OCI") is a situation in which the nature of Work under this Agreement and the Contractor's organizational, financial, contractual or other interests are such that: (1) Award of this Agreement may result in an unfair competitive advantage; or (2) the Contractor's objectivity in performing the Work required under this Agreement may be impaired. The Contractor warrants that, except as otherwise disclosed to the Contracting Officer in writing, it does not have any OCI.

50.1b. **Discovery of OCI:** The Contractor agrees that if after award of this Agreement, the Contractor discovers an OCI with respect to this Agreement, the Contractor shall make an immediate and full disclosure in writing to the Contracting Officer, which shall include a description of the action that the Contractor has taken or intends to take to eliminate or neutralize the OCI.

50.1c. **Subcontracts:** The provisions of this Agreement regarding OCIs shall be included in all Subcontracts. The Contractor shall include in all Subcontracts any and all provisions necessary to eliminate or neutralize conflicts of interests.

**50.2 ENVIRONMENTAL HAZARDS:**

50.2a. **Environmental Compliance:** Contractor shall perform all Work on the Project in compliance with all federal, state and local environmental laws and regulations. When possession of the Work is transferred to HAKC, the Contractor shall ensure that the Work is unimpaired by environmental liens. When submitting its Application for Certification of Final Completion, Contractor shall verify that the Project is free from any violations of federal, state or local environmental laws, regulations, or ordinances.

50.2b. **Hazardous Waste:** If the Contractor encounters on the site material reasonably believed to be asbestos, polychlorinated biphenyl (PCB), or other hazardous substances regulated by federal, state or local laws, Contractor shall immediately stop its Work in the area affected and reports the condition to HAKC. Work in the affected area shall thereafter be resumed immediately following the occurrence of any one of the following events: (1) HAKC causes remedial work to be performed which results in the absence of the hazardous materials; (2) HAKC and the Contractor, by written agreement, decide to resume performance of the Work; or, (3) an appropriate governmental authority determines that the Work may safely and lawfully proceed, as evidenced by a written report to that effect. Notwithstanding any provision to the contrary, the Contractor shall be solely responsible for the removal, handling, transportation, and disposal of all hazardous waste either produced on or brought to the Work site by Contractor or any Subcontractor.

**50.4 CONTRACT DOCUMENTS**

50.4a. **Component Parts:** This Agreement shall consist of the following component parts: (1) this document, entitled Agreement Between HAKC and Contractor; (2) General Conditions of the Contract for Construction, form HUD-5370; (3) Change Orders issued by the Contracting Officer; and (4) The Scope of Work and (5) The Contractor's Proposal, if any.

50.4b. **Contradictions:** In the event that any provision in any component part of this Agreement contradicts or conflicts with any provision of any other component part, the provision of the component part first enumerated in Paragraph 50.4.A., shall govern, except as otherwise specifically stated.

50.4c. **Illegality & Invalidity:** If any provision of this Agreement is determined to be illegal, invalid or unenforceable, the remaining provisions shall remain in full force and effect. It is the intention of the parties that if any such provision is held to be illegal, invalid or unenforceable, there will be added in lieu thereof a provision as similar in terms to such provision as is possible which is legal, valid and enforceable.

50.4d. **Entire Agreement:** This Agreement shall constitute the entire agreement between the parties. There are no agreements, understandings, warranties or representations between the parties except as set forth herein.

**50.5 CONFIDENTIAL INFORMATION**

All information received by the Contractor regarding this Agreement and the Work shall be considered non-public and confidential. Contractor hereby acknowledges that said information is deemed non-public information, and Contractor shall not disclose any such information to third parties without the prior written approval of HAKC, except as necessary for performance of the Work.

**50.6 NON-WAIVER**

Failure of HAKC to insist upon strict performance of the terms and conditions of this Agreement or to exercise any right or remedy hereunder shall not be construed as thereafter waiving any such terms, conditions, rights or remedies. No action or failure to
act by HAKC shall constitute a waiver of any right of HAKC under this Agreement, nor shall any such action or failure to act constitute an approval or acquiescence of any breach hereunder. Waiver of any breach of this Agreement shall not constitute a waiver of any subsequent breach of the same or any other provision hereof.

50.7 CONSTRUCTION OF THIS AGREEMENT

This Agreement shall not be construed or interpreted against the drafting party. In the event of a dispute over its meaning or application, this Agreement shall be interpreted fairly and reasonably, and neither more strongly for or against either party.

50.8 NOTICES:

Any notice, payment, demand or communication required or permitted to be given by any provision of this Agreement must be in writing and will be deemed to have been given at the earliest of: (1) the date received by the party designated to receive such notice, (2) the date following the day sent by overnight courier, (3) the third (3rd) business day after the same is sent by certified mail, postage and charges prepaid and addressed to the appropriate individual, or (4) the date that notice is sent by electronic facsimile transmission if a signed original is concurrently mailed as provided herein.

50.9 EMERGENCIES

In an emergency affecting safety of persons or property, the Contractor shall act, at the Contractor's discretion, to prevent threatened damage, injury or loss. The Contracting Officer shall, at the Contracting Officer's discretion, award the Contractor additional compensation or an extension of the Contract Time as a result of such emergency action.

50.10 TITLES, HEADINGS & SUBHEADINGS

The titles, headings and subheadings of Articles and Paragraphs contained in this Agreement are provided only as a matter of convenience and shall have no legal bearing on the interpretation of this Agreement.

50.11 COUNTERPARTS

This Agreement may be executed at different times and in any number of counterparts, each of which will be deemed an original document, but all of which will constitute a single document. This document will not be binding upon or constitute evidence of a contract between the parties until such time as this document or a counterpart of this document has been executed by both parties and a copy thereof is delivered to the other party to this Agreement.

50.12 CHOICE OF LAWS

This Agreement shall be interpreted in accordance with the laws of the State of Missouri.

50.13 RECEIVERSHIP COURT JURISDICTION

The laws of the State of Missouri and any applicable Federal statutes and regulations shall govern this Agreement. During the period of time that HAKC operates under the supervision of the United States District Court, Western District of Missouri (the Receivership Court) then the Receivership Court shall have exclusive jurisdiction over all causes of action asserted by or against the HAKC which shall arise out of or relate to this Agreement. Once the HAKC is no longer operating under the supervision of the Receivership Court, then the parties agree that a court of competent jurisdiction in Jackson County, Missouri shall have exclusive jurisdiction over all causes of action asserted by or against the HAKC, which arise out of or relate to this Agreement.
IN WITNESS WHEREOF, EACH PARTY HAS CAUSED THIS INSTRUMENT TO BE SIGNED ON ITS BEHALF BY ITS DULY AUTHORIZED AGENT, AFTER HAVING READ THIS AGREEMENT THE TERMS AND THE CONSEQUENCES THEREOF.

General Contract Conditions for Small Construction/Development Contracts

1. Definitions

Terms used in this form are the same as defined in form HUD-5370

2. Prohibition Against Liens

The Contractor is prohibited from placing a lien on the PHA's property. This prohibition shall apply to all subcontractors at any tier and all materials suppliers. The only liens on the PHA's property shall be the Declaration of Trust or other liens approved by HUD.

3. Disputes

(a) Except for disputes arising under the Labor Standards clauses, all disputes arising under or relating to this contract, including any claims for damages for the alleged breach thereof which are not disposed of by agreement, shall be resolved under this clause.

(b) All claims by the Contractor shall be made in writing and submitted to the Contracting Officer for a written decision. A claim by the PHA against the Contractor shall be subject to a written decision by the Contracting Officer.

(c) The Contracting Officer shall, within 30 days after receipt of the request, decide the claim or notify the Contractor of the date by which the decision will be made.

(d) The Contracting Officer's decision shall be final unless the Contractor (1) appeals in writing to a higher level in the PHA in accordance with the PHA's policy and procedures, (2) refers the appeal to an independent mediator or arbitrator, or (3) files suit in a court of competent jurisdiction. Such appeal must be made within 30 days after receipt of the Contracting Officer's decision.

(e) The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under or relating to the contract, and comply with any decision of the Contracting Officer.

4. Default

(a) If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with the diligence that will insure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within this time, the Contracting Officer may, by written notice to the Contractor, terminate the right to proceed with the work (or separable part of the work) that has been delayed. In the event, the PHA may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, equipment, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the PHA resulting from the Contractor's refusal or failure to complete the work within the specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the PHA in completing the work.

(b) The Contractor's right to proceed shall not be terminated or the Contractor charged with damages under this clause if:

1. The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor; and
2. The Contractor, within 10 days from the beginning of the delay notifies the Contracting Officer in writing of the causes of delay. The Contracting Officer shall ascertain the facts and the extent of the delay. If, in the judgment of the Contracting Officer, the findings of Fact warrant such action, time for completing the work shall be extended by written modification to the contract. The findings of the Contracting Officer shall be reduced to a written decision which shall be subject to the provisions of the Disputes clause of this contract.

(c) If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been for convenience of the PHA.

5. Termination for Convenience

(a) The Contracting Officer may terminate this contract in whole, or in part, whenever the Contracting Officer determines that such termination is in the best interest of the PHA. Any such termination shall be effected by delivery to the Contracting Officer of a Notice of Termination specifying the extent to which the performance of the work under the contract is terminated, and the date upon which such termination becomes effective.

(b) If, after termination of the contract, either in whole or in part, the PHA shall be liable to the Contractor for reasonable and proper costs resulting from such termination upon the receipt by the PHA of a properly presented claim setting out in detail: (1) the total cost of the work performed to date of termination less the total amount of contract payments made to the Contractor; (2) the cost (including reasonable profit) of settling and paying claims under subcontracts and material orders for work performed and materials and supplies delivered to the site, payment for which has not been made by the PHA to the Contractor or by the Contractor to the subcontractor or supplier; (3) the cost of preserving and protecting the work already performed until the PHA or assignee takes possession thereof or assumes responsibility therefore; (4) the actual or estimated cost of legal and accounting services reasonably necessary to prepare and present the termination claim to the PHA; and (5) an amount constituting a reasonable profit on the value of the work performed by the Contractor.

(c) The Contracting Officer will act on the Contractor's claim within days (60 days unless otherwise indicated) of receipt of the Contractor's claim.

(d) Any disputes with regard to this clause are expressly made subject to the provisions of the Disputes clause of this contract.

6. Insurance

(a) Before commencing work, the Contractor and each subcontractor shall furnish the PHA with certificates of insurance showing the following insurance is in force and will insure all operations under the contract:
(1) Workers’ Compensation, in accordance with state or Territorial Workers’ Compensation laws.

(2) Commercial General Liability with a combined single limit for bodily injury and property damage of not less than $ _______ [Contracting Officer insert amount] per occurrence to protect the Contractor and each subcontractor against claims for bodily injury or death and damage to the property of others. This shall cover the use of all equipment, hoists, and vehicles on the site(s) not covered by Automobile Liability under (3) below. If the Contractor has a “claims-made” policy, then the following additional requirements apply: the policy must provide a “retroactive date” which must be on or before the execution date of the Contract; and the extended reporting period may not be less than five years following the completion date of the Contract.

(3) Automobile Liability on owned and non-owned motor vehicles used on the site(s) or in connection therewith for a combined single limit for bodily injury and property damage of not less than $ _______ [Contracting Officer insert amount] per occurrence.

(b) Before commencing work, the Contractor shall furnish the PHA with a certificate of insurance evidencing that Builder’s Risk (fire and extended coverage) Insurance on all work in place and/or materials stored at the building site(s), including foundations and building equipment, is in force. The Builder’s Risk Insurance shall be for the benefit of the Contractor and the PHA as their interests may appear and each shall be named in the policy or policies as an insured. The Contractor in installing equipment supplied by the PHA shall carry insurance on such equipment from the time the Contractor takes possession thereof until the Contract work is accepted by the PHA. The Builder’s Risk Insurance need not be carried on excavations, piers, footings, or foundations until such time as work on the superstructure is started. It need not be carried on landscape work. Policies shall furnish coverage at all times for the full cash value of all completed construction, as well as materials in place and/or stored at the site(s), whether or not partial payment has been made by the PHA. The Contractor may terminate this insurance on buildings as of the date taken over for occupancy by the PHA. The Contractor is not required to carry Builder’s Risk Insurance for modernization work which does not involve structural alterations or additions and where the PHA’s existing fire and extended coverage policy can be endorsed to include such work.

(c) All insurance shall be carried with companies which are financially responsible and admitted to do business in the State in which the project is located. If any such insurance is due to expire during the construction period, the Contractor (including subcontractors, as applicable) shall not permit the coverage to lapse and shall furnish evidence of coverage to the Contracting Officer. All certificates of insurance, as evidence of coverage, shall provide that no coverage may be canceled or non-renewed by the insurance company until at least 30 days prior written notice has been given to the Contracting Officer.

7. Contract Modifications

(a) Only the Contracting Officer has authority to modify any term or condition of this contract. Any contract modification shall be authorized in writing.

(b) The Contracting Officer may modify the contract unilaterally (1) pursuant to a specific authorization stated in a contract clause (e.g., Changes); or (2) for administrative matters which do not change the rights or responsibilities of the parties (e.g., change in the PHA address). All other contract modifications shall be in the form of supplemental agreements signed by the Contractor and the Contracting Officer.

(c) When a proposed modification requires the approval of HUD prior to its issuance (e.g., a change order that exceeds the PHA’s approved threshold), such modification shall not be effective until the required approval is received by the PHA.

8. Changes

(a) The Contracting Officer may, at any time, without notice to the sureties, by written order designated or indicated to be a change order, make changes in the work within the general scope of the contract including changes:

(1) in the specifications (including drawings and designs);
(2) in the method or manner of performance of the work;
(3) PHA-furnished facilities, equipment, materials, services, or site;
(4) Directing the acceleration in the performance of the work.

(b) Any other written order or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the Contracting Officer that causes a change shall be treated as a change order under this clause; provided, that the Contractor gives the Contracting Officer written notice stating (1) the date, circumstances and source of the order and (2) that the Contractor regards the order as a change order.

(c) Except as provided in this clause, no order, statement or conduct of the Contracting Officer shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment.

(d) If any change under this clause causes an increase or decrease in the Contractor’s cost of, or the time required for the performance of any part of the work under this contract, whether or not changed by any such order, the Contracting Officer shall make an equitable adjustment and modify the contract in writing. However, except for a adjustment based on defective specifications, no proposal for any change under paragraph (b) above shall be allowed for any costs incurred more than 20 days (5 days for oral orders) before the Contractor gives written notice as required. In the case of defective specifications for which the PHA is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with the defective specifications.

(e) The Contractor must assert its right to an adjustment under this clause within 30 days after (1) receipt of a written change order under paragraph (a) of this clause, or (2) the furnishing of a written notice under paragraph (b) of this clause, by submitting a written statement describing the general nature and the amount of the proposal. If the facts justify it, the Contracting Officer may extend the period for submission. The proposal may be included in the notice required under paragraph (b) above. No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this contract.

(f) The Contractor’s written proposal for equitable adjustment shall be submitted in the form of a lump sum proposal supported with an itemized breakdown of all increases and decreases in the contract in at least the following details:

(1) Direct Costs: Materials (list individual items, the quantity and unit cost of each, and the aggregate cost); Transportation and delivery costs associated with materials; Labor
breakdowns by hours or unit costs (identified with specific work to be performed); Construction equipment exclusively necessary for the change; Costs of preparation and/or revision to shop drawings resulting from the change; Worker’s Compensation and Public Liability Insurance; Employment taxes under FICA and FUTA; and, Bond Costs - when size of change warrants revision.

(2) Indirect Costs. Indirect costs may include overhead, general and administrative expenses, and fringe benefits not normally treated as direct costs.

(3) Profit. The amount of profit shall be negotiated and may vary according to the nature, extent, and complexity of the work required by the change.

The allowability of the direct and indirect costs shall be determined in accordance with the Contract Cost Principles and Procedures for Commercial Firms in Part 31 of the Federal Acquisition Regulation (48 CFR 1-31), as implemented by HUD Handbook 2210.18, in effect on the date of this contract. The Contractor shall not be allowed a profit on the profit received by any subcontractor. Equitable adjustments for deleted work shall include a credit for profit and may include a credit for indirect costs. On proposals covering both increases and decreases in the amount of the contract, the application of indirect costs and profit shall be on the net change in direct costs for the Contractor or subcontractor performing the work.

(g) The Contractor shall include in the proposal its request for time extension (if any), and shall include sufficient information and dates to demonstrate whether and to what extent the change will delay the completion of the contract in its entirety.

(h) The Contracting Officer shall act on proposals within 30 days after their receipt, or notify the Contractor of the date when such action will be taken.

(i) Failure to reach an agreement on any proposal shall be a dispute under the clause entitled Disputes herein. Nothing in this clause, however, shall excuse the Contractor from proceeding with the contract as changed.

(j) Except in an emergency endangering life or property, no change shall be made by the Contractor without a prior order from the Contracting Officer.

9. Examination and Retention of Contractor’s Records

The HA, HUD, or Comptroller General of the United States, or any of their duly authorized representatives shall, until three years after final payment under this contract, have access to and the right to examine any of the Contractor’s direct pertinent books, documents, papers, or other records involving transactions related to this contract for the purpose of making audit, examination, excerpts, and transcriptions.

10. Rights in Data and Patent Rights (Ownership and Proprietary Interest)

The HA shall have exclusive ownership of, all proprietary interest in, and the right to full and exclusive possession of all information, materials, and documents discovered or produced by Contractor pursuant to the terms of this Contract, including but not limited to reports, memoranda or letters concerning the research and reporting tasks of this Contract.

11. Energy Efficiency

The Contractor shall comply with all mandatory standards and policies relating to energy efficiency which are contained in the energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub.L 94-163) for the State in which the work under this contract is performed.

12. Procurement of Recovered Materials

(a) In accordance with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, the Contractor shall procure items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition. The Contractor will procure items designated in the EPA guidelines that contain the highest percentage of recovered materials practicable unless the Contractor determines that such items: (1) are not reasonably available in a reasonable period of time; (2) fail to meet reasonable performance standards, which shall be determined on the basis of the guidelines of the National Institute of Standards and Technology, if applicable to the item; or (3) are only available at an unreasonable price.

(b) Paragraph (a) of this clause shall apply to items purchased under this contract where: (1) the Contractor purchases in excess of $10,000 of the item under this contract; or (2) during the preceding Federal fiscal year, the Contractor: (i) purchased any amount of the items for use under a contract that was funded with Federal appropriations and was with a Federal agency or a State agency or agency of a political subdivision of a State; and (ii) purchased a total of in excess of $10,000 of the item both under and outside that contract.

13. Training and Employment Opportunities for Residents in the Project Area (Section 3, HUD Act of 1968; 24 CFR 135)

(a) The work to be performed under this contract is subject to the requirements of section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (section 3). The purpose of section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

(b) The parties to this contract agree to comply with HUD’s regulations in 24 CFR Part 135, which implement section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the Part 135 regulations.

(c) The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers’ representative of the contractor’s commitments under this section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the
qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

(d) The contractor agrees to include this section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR Part 135.

(e) The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR Part 135.

(f) Noncompliance with HUD's regulations in 24 CFR Part 135 may result in sanctions, termination of this contract for default, and debearment or suspension from future HUD assisted contracts.

(a) Minimum Wages.

(1) All laborers and mechanics employed under this contract in the construction or development of the project(s) involved will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the regular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5(a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(2) (i) Any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when all the following criteria have been met:

   (a) The work to be performed by the classification requested is not performed by a classification in the wage determination;

   (b) The classification is utilized in the area by the construction industry;

   (c) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(ii) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employee Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary.

(iii) In the event the Contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator of the Wage and Hour Division for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary.

(iv) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (a)(2)(ii) or (iii) of this clause shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(3) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(4) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part
of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona
fide fringe benefits under a plan or program; provided, that the Secretary of Labor has found, upon the written
request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary
of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(b) Withholding of Funds. HUD or its designee shall, upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same prime Contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime Contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working in the construction or development of the project, all or part of the wages required by the contract, HUD or its designee may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the Contractor, disburse such amounts withheld for and on account of the Contractor or subcontractor to the respective employees to whom they are due.

(c) Payrolls and Basic Records.

(1) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working in the construction or development of the project. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found, under 29 CFR 5.5(a)(1)(iv), that the wages of any laborer or mechanic include the amount of costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of

the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(2) (i) The Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Contracting Officer for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under subparagraph (c)(1) of this clause. This information may be submitted in any form desired. Optional Form WH-347 (Federal Stock Number 029-005-00014-1) is available for this purpose and may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. The prime Contractor is responsible for the submission of copies of payrolls by all subcontractors. (Approved by the Office of Management and Budget under OMB Control Number 1214-0149.)

(ii) Each payroll submitted shall be accompanied by a “Statement of Compliance,” signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(A) That the payroll for the payroll period contains the information required to be maintained under paragraph (c)(1) of this clause and that such information is correct and complete;

(B) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3; and

(C) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(iii) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirements for submission of the “Statement of Compliance” required by subparagraph (c)(2)(ii) of this clause.

(iv) The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.

(3) The Contractor or subcontractor shall make the records required under subparagraph (c)(1) available for inspection, copying, or transcription by authorized representatives of HUD or its designee, the Contracting Officer, or the Department of Labor and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.
(d) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services (OATELS), or with a State Apprenticeship Agency recognized by OATELS, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by OATELS or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.

The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in this paragraph, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman’s hourly rate) specified in the Contractor’s or subcontractor’s registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice’s level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division determines that a different practice prevails for the applicable apprentice classification, fringe rates shall be paid in accordance with that determination. In the event OATELS, or a State Apprenticeship Agency recognized by OATELS, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(e) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee’s level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed in the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate in the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate in the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate in the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(i) Equal Employment Opportunity. The utilization of apprentices, trainees, and journeymen under this clause shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 20.

(g) Compliance with Copeland Act Requirements. The Contractor shall comply with the requirements of 29 CFR Part 3, which are hereby incorporated by reference in this contract.

(h) Contract Termination; Debarment. A breach of the labor standards clauses in this contract may be grounds for termination of the contract and for debarment as a Contractor and a subcontractor as provided in 29 CFR 5.12.

(i) Compliance with Davis-Bacon and related Act Requirements. All rulings and interpretations of the Davis-Bacon and related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

(j) Disputes Concerning Labor Standards. Disputes arising out of the labor standards provisions of this clause shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the PHA, HUD, the U.S. Department of Labor, or the employees or their representatives.

(k) Certification of Eligibility. (1) By entering into this contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor’s firm is a person or firm ineligible to be awarded contracts by the United States Government by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a United States Government

HAKC Voluntary Disability Form Requirements

HAKC receives funding from the federal government. As you may be aware, on August 4, 2020, the Office of Federal Contract Compliance Programs implemented the use of a new Voluntary Self-Identification of Disability Form. The purpose of this form is to determine whether the workforce achieves the seven percent representation goal for individuals with a disability on an annual basis. Contractors working for HAKC are required to provide equal opportunity to qualified people with disabilities and have their employees complete the form. It should be kept in your records as part of measuring your progress towards this goal. Should you be awarded a contract with HAKC we require that you inform us at both the contract award stage and contract completion stage of your reported disability numbers. Both reports must include the following:

- The total number of employees employed by your company;
- The total number of employees who responded “Yes, I Have A Disability, Or Have A History/Record Of Having A Disability”; and
- The total number of employees that responded “No, I Don’t Have A Disability, Or A History/Record Of Having A Disability”; and
- The total number of employees who responded with “I Don’t Wish To Answer.”

Failure to provide this information may result in termination of the contract.

General Contract Conditions for Small Construction/Development Contracts

Applicability. The following contract clauses are applicable and must be inserted into small construction/development contracts greater than $2,000 but not more than $150,000.

1. Definitions

Terms used in this form are the same as defined in form HUD-5370.

2. Prohibition Against Liens

The Contractor is prohibited from placing a lien on the PHA’s property. This prohibition shall apply to all subcontractors at any tier and all materials suppliers. The only liens on the PHA’s property shall be the Declaration of Trust or other liens approved by HUD.

3. Disputes

(a) Except for disputes arising under the Labor Standards clauses, all disputes arising under or relating to this contract, including any claims for damages for the alleged breach thereof which are not disposed of by agreement, shall be resolved under this clause.

(b) All claims by the Contractor shall be made in writing and submitted to the Contracting Officer for a written decision. A claim by the PHA against the Contractor shall be subject to a written decision by the Contracting Officer.

(c) The Contracting Officer shall, within 30 days after receipt of the request, decide the claim or notify the Contractor of the date by which the decision will be made.

(d) The Contracting Officer’s decision shall be final unless the Contractor (1) appeals in writing to a higher level in the PHA in accordance with the PHA’s policy and procedures, (2) refers the appeal to an independent mediator or arbitrator, or (3) files suit in a court of competent jurisdiction. Such appeal must be made within 30 days after receipt of the Contracting Officer’s decision.

(e) The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under or relating to the contract, and comply with any decision of the Contracting Officer.

4. Default

(a) If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with the diligence that will insure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within this time, the Contracting Officer may, by written notice to the Contractor, terminate the right to proceed with the work (or separable part of the work) that has been delayed. In the event, the PHA may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, equipment, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the PHA resulting from the Contractor’s refusal or failure to complete the work within the specified time, whether or not the Contractor’s right to proceed with the work is terminated. This liability includes any increased costs incurred by the PHA in completing the work.

(b) The Contractor’s right to proceed shall not be terminated or the Contractor charged with damages under this clause if –

(1) The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor; and

(2) The Contractor, within 10 days from the beginning of such delay notifies the Contracting Officer in writing of the causes of delay. The Contracting Officer shall ascertain the facts and the extent of the delay. If, in the judgment of the Contracting Officer, the findings of Fact warrant such action, time for completing the work shall be extended by written modification to the contract. The findings of the Contracting Officer shall be reduced to a written decision which shall be subject to the provisions of the Disputes clause of this contract.

(c) If, after termination of the Contractor’s right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligation of the parties will be the same as if the termination had been for convenience of the PHA.

5. Termination for Convenience

(a) The Contracting Officer may terminate this contract in whole, or in part, whenever the Contracting Officer determines that such termination is in the best interest of the PHA. Any such termination shall be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which the performance of the work under the contract is terminated, and the date upon which such termination becomes effective.

(b) If the performance of the work is terminated, either in whole or in part, the PHA shall be liable to the Contractor for reasonable and proper costs resulting from such termination upon the receipt by the PHA of a properly presented claim set out in detail: (1) the total cost of the work performed to date of termination less the total amount of contract payments made to the Contractor; (2) the cost (including reasonable profit) of settling and paying claims under subcontracts and material orders for work performed and materials and supplies delivered to the site, payment for which has not been made by the PHA to the Contractor or by the Contractor to the subcontractor or supplier; (3) the cost of preserving and protecting the work already performed until the PHA or assignee takes possession thereof or assumes responsibility therefore; (4) the actual or estimated cost of legal and accounting services reasonably necessary to prepare and present the termination claim to the PHA; and (5) an amount constituting a reasonable profit on the value of the work performed by the Contractor.

(c) The Contracting Officer will act on the Contractor’s claim within days (60 days unless otherwise indicated) of receipt of the Contractor’s claim.

(d) Any disputes with regard to this clause are expressly made subject to the provisions of the Disputes clause of this contract.

6. Insurance

(a) Before commencing work, the Contractor and each subcontractor shall furnish the PHA with certificates of insurance showing the following insurance is in force and will insure all operations under the Contract:
(1) Workers' Compensation, in accordance with state or Territorial Workers' Compensation laws.

(2) Commercial General Liability with a combined single limit for bodily injury and property damage of not less than $ [Contracting Officer insert amount] per occurrence to protect the Contractor and each subcontractor against claims for bodily injury or death and damage to the property of others. This shall cover the use of all equipment, hoists, and vehicles on the site(s) not covered by Automobile Liability under (3) below. If the Contractor has a "claims-made" policy, then the following additional requirements apply: the policy must provide a "retroactive date" which must be on or before the execution date of the Contract; and the extended reporting period may not be less than five years following the completion date of the Contract.

(3) Automobile Liability on owned and non-owned motor vehicles used on the site(s) or in connection therewith for a combined single limit for bodily injury and property damage of not less than $ [Contracting Officer insert amount] per occurrence.

(b) Before commencing work, the Contractor shall furnish the PHA with a certificate of insurance evidencing that Builder’s Risk (fire and extended coverage) Insurance on all work in place and/or materials stored at the building site(s), including foundations and building equipment, is in force. The Builder’s Risk Insurance shall be for the benefit of the Contractor and the PHA as their interests may appear and each shall be named in the policy or policies as an insured. The Contractor in installing equipment supplied by the PHA shall carry insurance on such equipment from the time the Contractor takes possession thereof until the Contract work is accepted by the PHA. The Builder’s Risk Insurance need not be carried on excavations, piers, footings, or foundations until such time as work on the superstructure is started. It need not be carried on landscape work. Policies shall furnish coverage at all times for the full cash value of all completed construction, as well as materials in place and/or stored at the site(s), whether or not payment has been made by the PHA. The Contractor may terminate this insurance on buildings as of the date taken over for occupancy by the PHA. The Contractor is not required to carry Builder’s Risk Insurance for modernization work which does not involve structural alterations or additions and where the PHA’s existing fire and extended coverage policy can be endorsed to include such work.

(c) All insurance shall be carried with companies which are financially responsible and admitted to do business in the State in which the project is located. If any such insurance is due to expire during the construction period, the Contractor (including subcontractors, as applicable) shall not permit the coverage to lapse and shall furnish evidence of coverage to the Contracting Officer. All certificates of insurance, as evidence of coverage, shall provide that no coverage may be canceled or non-renewed by the insurance company until at least 30 days prior written notice has been given to the Contracting Officer.

7. Contract Modifications

(a) Only the Contracting Officer has authority to modify any term or condition of this contract. Any contract modification shall be authorized in writing.

(b) The Contracting Officer may modify the contract unilaterally (1) pursuant to a specific authorization stated in a contract clause (e.g., Changes), or (2) for administrative matters which do not change the rights or responsibilities of the parties (e.g., change in the PHA address). All other contract modifications shall be in the form of supplemental agreements signed by the Contractor and the Contracting Officer.

(c) When a proposed modification requires the approval of HUD prior to its issuance (e.g., a change order that exceeds the PHA’s approved threshold), such modification shall not be effective until the required approval is received by the PHA.

8. Changes

(a) The Contracting Officer may, at any time, without notice to the sureties, by written order designated or indicated to be a change order, make changes in the work within the general scope of the contract including changes:

(1) In the specifications (including drawings and designs);

(2) In the method or manner of performance of the work;

(3) PHA-furnished facilities, equipment, materials, services, or site; or,

(4) Directing the acceleration in the performance of the work.

(b) Any other written order or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the Contracting Officer to cause a change shall be treated as a change order under this clause; provided, that the Contractor gives the Contracting Officer written notice stating (1) the date, circumstances and source of the order and (2) that the Contractor regards the order as a change order.

(c) Except as provided in this clause, no order, statement or conduct of the Contracting Officer shall be treated as a change order under this clause or entitle the Contractor to an equitable adjustment.

(d) If any change order under this clause causes an increase or decrease in the Contractor’s cost of, or the time required for the performance of any part of the work under this contract, whether or not changed by any such order, the Contracting Officer shall make an equitable adjustment and modify the contract in writing. However, except for a change order based upon defective specifications, no proposal for any change under paragraph (b) above shall be allowed for any costs incurred more than 20 days (5 days for oral orders) before the Contractor gives written notice as required. In the case of defective specifications for which the PHA is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with the defective specifications.

(e) The Contractor shall assert its right to an adjustment under this clause within 30 days after (1) receipt of a written change order under paragraph (a) of this clause, or (2) furnishing of a written notice under paragraph (b) of this clause, by submitting a written statement describing the general nature and the amount of the proposal. If the facts justify it, the Contracting Officer may extend the period for submission. The proposal may be included in the notice required under paragraph (b) above. No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this contract.

(f) The Contractor’s written proposal for equitable adjustment shall be submitted in the form of a lump sum proposal supported with an itemized breakdown of all increases and decreases in the contract in at least the following details:

(1) Direct Costs. Materials (list individual items, the quantity and unit cost of each, and the aggregate cost); Transportation and delivery costs associated with materials; Labor
breakdowns by hours or unit costs (identified with specific work to be performed); Construction equipment exclusively necessary for the change; Costs of preparation and/or revision to shop drawings resulting from the change; Worker's Compensation and Public Liability Insurance; Employment taxes under FICA and FUTA; and, Bond Costs - when size of change warrants revision.

(2) Indirect Costs. Indirect costs may include overhead, general and administrative expenses, and fringe benefits not normally treated as direct costs.

(3) Profit. The amount of profit shall be negotiated and may vary according to the nature, extent, and complexity of the work required by the change.

The allowability of the direct and indirect costs shall be determined in accordance with the Contract Cost Principles and Procedures for Commercial Firms in Part 31 of the Federal Acquisition Regulation (48 CFR 1-31), as implemented by HUD Handbook 2210.18, in effect on the date of this contract. The Contractor shall not be allowed a profit on the profit received by any subcontractor. Equitable adjustments for deleted work shall include a credit for profit and may include a credit for indirect costs. On proposals covering both increases and decreases in the amount of the contract, the application of indirect costs and profit shall be on the net-change in direct costs for the Contractor or subcontractor performing the work.

(g) The Contractor shall include in the proposal its request for time extension (if any), and shall include sufficient information and dates to demonstrate whether and to what extent the change will delay the completion of the contract in its entirety.

(h) The Contracting Officer shall act on proposals within 30 days after their receipt, or notify the Contractor of the date when such action will be taken.

(i) Failure to reach an agreement on any proposal shall be a dispute under the clause entitled Disputes herein. Nothing in this clause, however, shall excuse the Contractor from proceeding with the contract as changed.

(j) Except in an emergency endangering life or property, no change shall be made by the Contractor without a prior order from the Contracting Officer.

9. Examination and Retention of Contractor's Records

The HA, HUD, or Comptroller General of the United States, or any of their duly authorized representatives shall, until three years after final payment under this contract, have access to and the right to examine any of the Contractor's directly pertinent books, documents, papers, or other records involving transactions related to this contract for the purpose of making audit, examination, excerpts, and transcriptions.

10. Rights in Data and Patent Rights (Ownership and Proprietary Interest)

The HA shall have exclusive ownership of, all proprietary interest in, and the right to fall and exclusive possession of all information, materials, and documents discovered or produced by Contractor pursuant to the terms of this Contract, including but not limited to reports, memoranda or letters concerning the research and reporting tasks of this Contract.

11. Energy Efficiency

The Contractor shall comply with all mandatory standards and policies relating to energy efficiency which are contained in the energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub.L. 94-163) for the State in which the work under this contract is performed.

12. Procurement of Recovered Materials

(a) In accordance with Section 6062 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, the Contractor shall procure items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition. The Contractor shall procure items designated in the EPA guidelines that contain the highest percentage of recovered materials practicable unless the Contractor determines that such items: (1) are not reasonably available in a reasonable period of time; (2) fail to meet reasonable performance standards, which shall be determined on the basis of the guidelines of the National Institute of Standards and Technology, if applicable to the item; or (3) are only available at an unreasonable price.

(b) Paragraph (a) of this clause shall apply to items purchased under this contract where: (1) the Contractor purchases in excess of $10,000 of the items under this contract; or (2) during the preceding Federal fiscal year, the Contractor purchased any amount of the items for use under a contract that was funded with Federal appropriations and was with a Federal agency or a State agency or agency of a political subdivision of a State; and (ii) purchased a total of in excess of $10,000 of the item both under and outside that contract.

13. Training and Employment Opportunities for Residents in the Project Area (Section 3, HUD Act of 1968; 24 CFR 135)

(a) The work to be performed under this contract is subject to the requirements of section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (section 3). The purpose of section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

(b) The parties to this contract agree to comply with HUD's regulations in 24 CFR Part 135, which implement section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the Part 135 regulations.

(c) The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the
qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

(d) The contractor agrees to include this section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR Part 135.

(e) The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor’s obligations under 24 CFR Part 135.

(f) Noncompliance with HUD’s regulations in 24 CFR Part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

(a) Minimum Wages.

(1) All laborers and mechanics employed under this contract in the construction or development of the project(s) involved will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the regular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided, that the employer’s payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conform to 29 CFR 5.5(a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(2) (i) Any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefore only when all the following criteria have been met:

(a) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
(b) The classification is utilized in the area by the construction industry; and
(c) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(ii) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employee Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary.

(iii) In the event the Contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator of the Wage and Hour Division for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary.

(iv) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (a)(2)(ii) or (iii) of this clause shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(3) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(4) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part
of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; provided, that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(b) Withholding of Funds. HUD or its designee shall, upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same prime Contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime Contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working in the construction or development of the project, all or part of the wages required by the contract, HUD or its designee may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the Contractor, disburse such amounts withheld for and on account of the Contractor or subcontractor to the respective employees to whom they are due.

(c) Payrolls and Basic Records. (1) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working in the construction or development of the project. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof) of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found, under 29 CFR 5.5(a)(1)(iv), that the wages of any laborer or mechanic include the amount of costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(2) (i) The Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Contracting Officer for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under subparagraph (c)(1) of this clause. This information may be submitted in any form desired. Optional Form WH-347 (Federal Stock Number 029-005-00014-1) is available for this purpose and may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. The prime Contractor is responsible for the submission of copies of payrolls by all subcontractors. (Approved by the Office of Management and Budget under OMB Control Number 1214-0149.)

(ii) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(A) That the payroll for the payroll period contains the information required to be maintained under paragraph (c)(1) of this clause and that such information is correct and complete;

(B) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3; and

(C) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(iii) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirements for submission of the "Statement of Compliance" required by subparagraph (c)(1) of this clause.

(iv) The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.

(3) The Contractor or subcontractor shall make the records required under subparagraph (c)(1) available for inspection, copying, or transcription by authorized representatives of HUD or its designee, the Contracting Officer, or the Department of Labor and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.
(d) Apprentices. Apprentices will be permitted to work at less than
the predetermined rate for the work they performed when they
are employed pursuant to and individually registered in a bona
fide apprenticeship program registered with the U.S.
Department of Labor, Employment and Training
Administration, Office of Apprenticeship Training, Employer
and Labor Services (OATELS), or with a State Apprenticeship
Agency recognized by OATELS, or if a person is employed in
his or her first 90 days of probationary employment as an
apprentice in such an apprenticeship program, who is not
individually registered in the program, but who has been
certified by OATELS or a State Apprenticeship Agency (where
appropriate) to be eligible for probationary employment as an
apprentice.

The allowable ratio of apprentices to journeymen on the job
site in any craft classification shall not be greater than the ratio
permitted to the Contractor as to the entire work force under
the registered program. Any worker listed on a payroll at an
apprentice wage rate, who is not registered or otherwise
employed as stated in this paragraph, shall be paid not less than
the applicable wage rate on the wage determination for the
classification of work actually performed. In addition, any
apprentice performing work on the job site in excess of the
ratio permitted under the registered program shall be paid not
less than the applicable wage rate on the wage determination
for the work actually performed. Where a contractor is
performing construction on a project in a locality other than
that in which its program is registered, the ratios and wage
rates (expressed in percentages of the journeyman’s hourly
rate) specified in the Contractor’s or subcontractor’s registered
program shall be observed. Every apprentice must be paid at
not less than the rate specified in the registered program for
the apprentice’s level of progress, expressed as a percentage of
the journeyman hourly rate specified in the applicable wage
determination. Apprentices shall be paid fringe benefits in
accordance with the provisions of the apprenticeship program.
If the apprenticeship program does not specify fringe benefits,
apprentices must be paid the full amount of fringe benefits
listed on the wage determination for the applicable
classification. If the Administrator of the Wage and Hour
Division determines that a different practice prevails for the
applicable apprentice classification, fringe shall be paid in
accordance with that determination. In the event OATELS, or a
State Apprenticeship Agency recognized by OATELS,
withdraws approval of an apprenticeship program, the
Contractor will no longer be permitted to utilize apprentices at
less than the applicable predetermined rate for the work
performed until an acceptable program is approved.

(e) Trainees. Except as provided in 29 CFR 5.16, trainees will not
be permitted to work at less than the predetermined rate for the
work performed unless they are employed pursuant to and
individually registered in a program which has received prior
approval, evidenced by formal certification by the U.S.
Department of Labor, Employment and Training
Administration. The ratio of trainees to journeymen on the job
site shall not be greater than permitted under the plan approved
by the Employment and Training Administration.

Every trainee must be paid at not less than the rate specified in
the approved program for the trainee’s level of progress,
expressed as a percentage of the journeyman hourly rate
specified in the applicable wage determination. Trainees shall
be paid fringe benefits in accordance with the provisions of the
trainee program. If the trainee program does not mention fringe
benefits, trainees shall be paid the full amount of fringe benefits
listed in the wage determination unless the Administrator of the
Wage and Hour Division determines that there is an
apprenticeship program associated with the corresponding
journeyman wage rate in the wage determination which
provides for less than full fringe benefits for apprentices. Any
employee listed on the payroll at a trainee rate who is not
registered and participating in a training plan approved by the
Employment and Training Administration shall be paid not less
than the applicable wage rate in the wage determination for
the classification of work actually performed. In addition, any
trainee performing work on the job site in excess of the ratio
permitted under the registered program shall be paid not less
than the applicable wage rate in the wage determination for
the work actually performed. In the event the Employment and
Training Administration withdraws approval of a training
program, the Contractor will no longer be permitted to utilize
trainees at less than the applicable predetermined rate for the
work performed until an acceptable program is approved.

(f) Equal Employment Opportunity. The utilization of
apprentices, trainees, and journeymen under this clause shall be
in conformity with the equal employment opportunity
requirements of Executive Order 11246, as amended, and 29

(g) Compliance with Copeland Act Requirements. The
Contractor shall comply with the requirements of 29 CFR Part
3, which are hereby incorporated by reference in this contract.

(h) Contract Termination; Debarment. A breach of the labor
standards clauses in this contract may be grounds for
termination of the contract and for debarment as a Contractor
and a subcontractor as provided in 29 CFR 5.12.

(i) Compliance with Davis-Bacon and related Act
Requirements. All rulings and interpretations of the Davis-
Bacon and related Acts contained in 29 CFR Parts 1, 3, and 5
are herein incorporated by reference in this contract.

(j) Disputes Concerning Labor Standards. Disputes arising out
of the labor standards provisions of this clause shall not be subject
to the general disputes clause of this contract. Such disputes
shall be resolved in accordance with the procedures of the
Department of Labor set forth in 29 CFR Parts 5, 6, and 7.
Disputes within the meaning of this clause include disputes
between the Contractor (or any of its subcontractors) and the
PHA, HUD, the U.S. Department of Labor, or the employees or
their representatives.

(k) Certification of Eligibility.

(1) By entering into this contract, the Contractor certifies that
neither it (nor he or she) nor any person or firm who has an
interest in the Contractor’s firm is a person or firm
ineligible to be awarded contracts by the United States
Government by virtue of section 3(a) of the Davis-Bacon
Act or 29 CFR 5.12(a)(1).

(2) No part of this contract shall be subcontracted to any person
or firm ineligible for award of a United States Government

(l) Subcontracts. The Contractor or subcontractor shall insert in any subcontracts all the provisions contained in this clause, and such other clauses as HUD or its designee may by appropriate instructions require, and also a clause requiring the subcontractors to include these provisions in any lower tier subcontracts. The prime Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all these provisions.

(m) Non-Federal Prevailing Wage Rates. Any prevailing wage rate (including basic hourly rate and any fringe benefits), determined under State law to be prevailing, with respect to any employee in any trade or position employed under the contract, is inapplicable to the contract and shall not be enforced against the Contractor or any subcontractor, with respect to employees engaged under the contract whenever such non-Federal prevailing wage rate exceeds:

(i) the applicable wage rate determined by the Secretary of Labor pursuant to the Davis-Bacon Act (40 U.S.C. 3141 et seq.) to be prevailing in the locality with respect to such trade;

(ii) an applicable apprentice wage rate based thereon specified in an apprenticeship program registered with the U.S. Department of Labor (DOL) or a DOL-recognized State Apprenticeship Agency; or

(iii) an applicable trainee wage rate based thereon specified in a DOL-certified trainee program.
