General Information

To facilitate a comprehensive understanding of the current service environment, we invite your team to conduct independent site visits to our facilities.

Addresses for the sites, along with an inventory of vending equipment currently in place, are provided on the following page. These resources are intended to assist you in performing an assessment of the physical space, utility access, and any site information you might require.

You are welcome to visit any or all these sites at your convenience between 8am and 5pm, Monday-Friday. Please see the property manager or HAKC associate at the front desk. We kindly ask that all observations be conducted in a manner that does not disrupt ongoing facility operations.
